Subject: Proposition 65 – Safe Drinking Water and Toxic Enforcement Act of 1986

Dear Valued Customer,

Arrow Electronics, Inc. or one of our wholly owned subsidiaries (collectively, “Arrow”, “we”, “us” or “our”) is in receipt of your recent inquiry regarding California’s Proposition 65 – Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”) and understand your request. Arrow complies with applicable laws and regulations in the conduct of Arrow’s business operations, including where applicable, Proposition 65.

Proposition 65 protects California’s drinking water sources from being contaminated with chemicals known to cause cancer, birth defects or other reproductive harm, and requires businesses to inform Californians about exposures to Proposition 65 listed chemicals.

Arrow is a global provider of products, services and solutions to industrial and commercial users of electronics components and enterprise computing solutions. Arrow complies with our responsibility to present Proposition 65 warnings from manufactures to customers in California.

While Arrow endeavors to comply with the mandates of Proposition 65, the product manufacturers are the only source of accurate information regarding substances and chemicals in their products, including any Proposition 65 listed chemicals used. For information regarding specific components, we recommend you contact the manufacturer directly or subscribe to SiliconExpert Technologies. SiliconExpert works directly with product manufacturers to obtain chemical data as well as hazardous substance content. Information regarding Proposition 65 chemicals may be available in the SiliconExpert parts database or at <http://www.siliconexpert.com>. For more information on Proposition 65, go to www.P65Warnings.ca.gov.

Again, we wish to thank you for allowing us to respond to the subject document and for your continued confidence in Arrow.

Sincerely,

Arrow Electronics, Inc.
