IMPORTANT: PLEASE READ THIS END USER LICENSE AGREEMENT CAREFULLY. IT IS VERY IMPORTANT THAT YOU CHECK THAT YOU ARE PURCHASING CISCO SOFTWARE OR EQUIPMENT FROM AN APPROVED SOURCE AND THAT YOU, OR THE ENTITY YOU REPRESENT (COLLECTIVELY, THE "CUSTOMER") HAVE BEEN REGISTERED AS THE END USER FOR THE PURPOSES OF THIS CISCO END USER LICENSE AGREEMENT. IF YOU ARE NOT REGISTERED AS THE END USER YOU HAVE NO LICENSE TO USE THE SOFTWARE AND THE LIMITED WARRANTY IN THIS END USER LICENSE AGREEMENT DOES NOT APPLY. ASSUMING YOU HAVE PURCHASED FROM AN APPROVED SOURCE, DOWNLOADING, INSTALLING OR USING CISCO OR CISCO-SUPPLIED SOFTWARE CONSTITUTES ACCEPTANCE OF THIS AGREEMENT.

CISCO SYSTEMS, INC. OR ITS AFFILIATE LICENSING THE SOFTWARE ("CISCO") IS WILLING TO LICENSE THIS SOFTWARE TO YOU ONLY UPON THE CONDITION THAT YOU PURCHASED THE SOFTWARE FROM AN APPROVED SOURCE AND THAT YOU ACCEPT ALL OF THE TERMS CONTAINED IN THIS END USER LICENSE AGREEMENT PLUS ANY ADDITIONAL LIMITATIONS ON THE LICENSE SET FORTH IN A SUPPLEMENTAL LICENSE AGREEMENT ACCOMPANYING THE PRODUCT, MADE AVAILABLE AT THE TIME OF YOUR ORDER, OR POSTED ON THE CISCO WEBSITE AT www.cisco.com/go/terms (COLLECTIVELY THE "AGREEMENT"). TO THE EXTENT OF ANY CONFLICT BETWEEN THE TERMS OF THIS END USER LICENSE AGREEMENT AND ANY SUPPLEMENTAL LICENSE AGREEMENT, THE SUPPLEMENTAL LICENSE AGREEMENT SHALL APPLY. BY DOWNLOADING, INSTALLING, OR USING THE SOFTWARE, YOU ARE REPRESENTING THAT YOU PURCHASED THE SOFTWARE FROM AN APPROVED SOURCE AND BINDING YOURSELF TO THE AGREEMENT. IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM AN APPROVED SOURCE, AND APPLIES ONLY IF YOU ARE THE ORIGINAL AND REGISTERED END USER PURCHASER. FOR THE PURPOSES OF THIS END USER LICENSE AGREEMENT, AN "APPROVED SOURCE" MEANS (A) CISCO; OR (B) A DISTRIBUTOR OR SYSTEMS INTEGRATOR AUTHORIZED BY CISCO TO DISTRIBUTE / SELL CISCO EQUIPMENT, SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS; OR (C) A RESELLER AUTHORIZED BY ANY SUCH DISTRIBUTOR OR SYSTEMS INTEGRATOR IN ACCORDANCE WITH THE TERMS OF THE DISTRIBUTOR'S AGREEMENT WITH CISCO TO DISTRIBUTE / SELL THE CISCO EQUIPMENT, SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS.

THE FOLLOWING TERMS OF THE AGREEMENT GOVERN CUSTOMER'S USE OF THE SOFTWARE (DEFINED BELOW), EXCEPT TO THE EXTENT: (A) THERE IS A SEPARATE SIGNED CONTRACT BETWEEN CUSTOMER AND CISCO GOVERNING CUSTOMER'S USE OF THE SOFTWARE, OR (B) THE SOFTWARE INCLUDES A SEPARATE "CLICK-ACCEPT" LICENSE AGREEMENT OR THIRD PARTY LICENSE AGREEMENT AS PART OF THE INSTALLATION OR DOWNLOAD PROCESS GOVERNING CUSTOMER'S USE OF THE SOFTWARE. TO THE EXTENT OF A CONFLICT BETWEEN THE PROVISIONS OF THE FOREGOING DOCUMENTS, THE ORDER OF PRECEDENCE SHALL BE (1) THE SIGNED CONTRACT, (2) THE CLICK-ACCEPT AGREEMENT OR THIRD PARTY LICENSE AGREEMENT, AND (3) THE AGREEMENT. FOR PURPOSES OF THE AGREEMENT, "SOFTWARE" SHALL MEAN COMPUTER PROGRAMS, INCLUDING FIRMWARE AND COMPUTER PROGRAMS EMBEDDED IN CISCO EQUIPMENT, AS PROVIDED TO CUSTOMER BY AN APPROVED SOURCE, AND ANY UPGRADES, UPDATES, BUG FIXES OR MODIFIED VERSIONS THERETO (COLLECTIVELY, "UPGRADES"), ANY OF THE SAME WHICH HAS BEEN RELICENSED UNDER THE CISCO SOFTWARE TRANSFER AND RELICENSING POLICY (AS MAY BE AMENDED BY CISCO FROM TIME TO TIME) OR BACKUP COPIES OF ANY OF THE FOREGOING.

License. Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive and nontransferable license to use for Customer's internal business purposes the Software and the Documentation for which Customer has paid the required license fees to an Approved Source. "Documentation" means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) pertaining to the Software and made available by an Approved Source with the Software in any manner (including on CD-Rom, or on-line). In order to use the Software, Customer may be required to input a registration

number or product authorization key and register Customer's copy of the Software online at Cisco's website to obtain the necessary license key or license file.

Customer's license to use the Software shall be limited to, and Customer shall not use the Software in excess of, a single hardware chassis or card or such other limitations as are set forth in the applicable Supplemental License Agreement or in the applicable purchase order which has been accepted by an Approved Source and for which Customer has paid to an Approved Source the required license fee (the "Purchase Order").

Unless otherwise expressly provided in the Documentation or any applicable Supplemental License Agreement, Customer shall use the Software solely as embedded in, for execution on, or (where the applicable Documentation permits installation on non-Cisco equipment) for communication with Cisco equipment owned or leased by Customer and used for Customer's internal business purposes. No other licenses are granted by implication, estoppel or otherwise.

For evaluation or beta copies for which Cisco does not charge a license fee, the above requirement to pay license fees does not apply.

General Limitations. This is a license, not a transfer of title, to the Software and Documentation, and Cisco retains ownership of all copies of the Software and Documentation. Customer acknowledges that the Software and Documentation contain trade secrets of Cisco or its suppliers or licensors, including but not limited to the specific internal design and structure of individual programs and associated interface information. Except as otherwise expressly provided under the Agreement, Customer shall only use the Software in connection with the use of Cisco equipment purchased by the Customer from an Approved Source and Customer shall have no right, and Customer specifically agrees not to:

(i) transfer, assign or sublicense its license rights to any other person or entity (other than in compliance with any Cisco relicensing/transfer policy then in force), or use the Software on Cisco equipment not purchased by the Customer from an Approved Source or on secondhand Cisco equipment, and Customer acknowledges that any attempted transfer, assignment, sublicense or use shall be void;

(ii) make error corrections to or otherwise modify or adapt the Software or create derivative works based upon the Software, or permit third parties to do the same;

(iii) reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human-readable form, except to the extent otherwise expressly permitted under applicable law notwithstanding this restriction or except to the extent that Cisco is legally required to permit such specific activity pursuant to any applicable open source license;

(iv) publish any results of benchmark tests run on the Software;

(v) use or permit the Software to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, without the express written authorization of Cisco; or

(vi) disclose, provide, or otherwise make available trade secrets contained within the Software and Documentation in any form to any third party without the prior written consent of Cisco. Customer shall implement reasonable security measures to protect such trade secrets.

To the extent required by applicable law, and at Customer's written request, Cisco shall provide Customer with the interface information needed to achieve interoperability between the Software and another independently created program, on payment of Cisco's applicable fee, if any. Customer shall observe strict obligations of confidentiality with respect to such information and shall use such information in compliance with any applicable terms and conditions upon which Cisco makes such information available.

Software, Upgrades and Additional Copies. NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT: (1) CUSTOMER HAS NO LICENSE OR RIGHT TO MAKE OR USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS CUSTOMER, AT THE TIME OF MAKING OR ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE FEE TO AN APPROVED SOURCE FOR THE UPGRADE OR ADDITIONAL COPIES; (2) USE OF UPGRADES IS LIMITED

TO CISCO EQUIPMENT SUPPLIED BY AN APPROVED SOURCE FOR WHICH CUSTOMER IS THE ORIGINAL END USER PURCHASER OR LESSEE OR OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY.

Proprietary Notices. Customer agrees to maintain and reproduce all copyright, proprietary, and other notices on all copies, in any form, of the Software in the same form and manner that such copyright and other proprietary notices are included on the Software. Except as expressly authorized in the Agreement, Customer shall not make any copies or duplicates of any Software without the prior written permission of Cisco.

Term and Termination. The Agreement and the license granted herein shall remain effective until terminated. Customer may terminate the Agreement and the license at any time by destroying all copies of Software and any Documentation. Customer's rights under the Agreement will terminate immediately without notice from Cisco if Customer fails to comply with any provision of the Agreement. Upon termination, Customer shall destroy all copies of Software and Documentation in its possession or control. All confidentiality obligations of Customer, all restrictions and limitations imposed on the Customer under the section titled "General Limitations" and all limitations of liability and disclaimers and restrictions of warranty shall survive termination of this Agreement. In addition, the provisions of the sections titled "U.S. Government End User Purchasers" and "General Terms Applicable to the Limited Warranty Statement and End User License Agreement" shall survive termination of the Agreement.

Customer Records. Customer grants to Cisco and its independent accountants the right to examine Customer's books, records and accounts during Customer's normal business hours to verify compliance with this Agreement. In the event such audit discloses non-compliance with this Agreement, Customer shall promptly pay to Cisco the appropriate license fees, plus the reasonable cost of conducting the audit.

Export, Re-Export, Transfer and Use Controls. The Software, Documentation and technology or direct products thereof (hereafter referred to as Software and Technology), supplied by Cisco under the Agreement are subject to export controls under the laws and regulations of the United States ("U.S.") and any other applicable countries' laws and regulations. Customer shall comply with such laws and regulations governing export, re-export, import, transfer and use of Cisco Software and Technology and will obtain all required U.S. and local authorizations, permits, or licenses. Cisco and Customer each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses. Information regarding compliance with export, re-export, transfer and use may be located at the following URL:
www.cisco.com/web/about/doing_business/legal/global_export_trade/general_export_contract_compliance.html

U.S. Government End User Purchasers. The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement into which the Agreement may be incorporated, Customer may provide to Government end user or, if the Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in the Agreement. Use of either the Software or Documentation or both constitutes agreement by the Government that the Software and Documentation are "commercial computer software" and "commercial computer software documentation," and constitutes acceptance of the rights and restrictions herein.

Identified Components; Additional Terms. The Software may contain or be delivered with one or more components, which may include third-party components, identified by Cisco in the Documentation, readme.txt file, third-party click-accept or elsewhere (e.g. on www.cisco.com) (the "Identified Component(s)") as being subject to different license agreement terms, disclaimers of warranties, limited warranties or other terms and conditions (collectively, "Additional Terms") than those set forth herein. You agree to the applicable Additional Terms for any such Identified Component(s).

Limited Warranty

Subject to the limitations and conditions set forth herein, Cisco warrants that commencing from the date of shipment to Customer (but in case of resale by an Approved Source other than Cisco, commencing not more than ninety (90) days after original shipment by Cisco), and continuing for a period of the longer of (a) ninety (90) days or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying

the product of which the Software is a part (the "Product") (if any): (a) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. The date of shipment of a Product by Cisco is set forth on the packaging material in which the Product is shipped. Except for the foregoing, the Software is provided "AS IS". This limited warranty extends only to the Software purchased from an Approved Source by a Customer who is the first registered end user. Customer's sole and exclusive remedy and the entire liability of Cisco and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at Cisco's option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to the Approved Source supplying the Software to Customer, within the warranty period. Cisco or the Approved Source supplying the Software to Customer may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does Cisco warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for intruding upon and attacking networks, Cisco does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack.

Restrictions. This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Cisco or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Cisco, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; (f) any Software not posted on Cisco's Software Center; (g) any Software that Cisco expressly provides on an "AS IS" basis on Cisco's Software Center; (h) any Software for which an Approved Source does not receive a license fee; and (i) Software supplied by any third party which is not an Approved Source.

DISCLAIMER OF WARRANTY

EXCEPT AS SPECIFIED IN THIS WARRANTY SECTION, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY CISCO, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT THAT ANY OF THE SAME CANNOT BE EXCLUDED, SUCH IMPLIED CONDITION, REPRESENTATION AND/OR WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD REFERRED TO IN THE "LIMITED WARRANTY" SECTION ABOVE. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY IN SUCH STATES. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION. This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose.

Disclaimer of Liabilities-Limitation of Liability. IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, CANADA, JAPAN OR THE CARIBBEAN, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO ANY APPROVED SOURCE FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT).

IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO CISCO FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT).

NOTHING IN THE AGREEMENT SHALL LIMIT (I) THE LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS TO CUSTOMER FOR PERSONAL INJURY OR DEATH CAUSED BY THEIR NEGLIGENCE, (II) CISCO'S LIABILITY FOR FRAUDULENT MISREPRESENTATION, OR (III) ANY LIABILITY OF CISCO WHICH CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Disclaimer of Liabilities-Waiver of Consequential Damages and Other Losses. IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, THE CARIBBEAN OR CANADA, REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO OR ITS SUPPLIERS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ITS SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

IF YOU ACQUIRED THE SOFTWARE IN JAPAN, EXCEPT FOR LIABILITY ARISING OUT OF OR IN CONNECTION WITH DEATH OR PERSONAL INJURY, FRAUDULENT MISREPRESENTATION, AND REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ANY APPROVED SOURCE OR THEIR SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, BE LIABLE FOR ANY LOST REVENUE, LOST PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES, HOWSOEVER ARISING, INCLUDING, WITHOUT LIMITATION, IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE, EVEN IF, IN EACH CASE, CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT FULLY APPLY TO YOU. THE FOREGOING EXCLUSION SHALL NOT APPLY TO ANY LIABILITY ARISING OUT OF OR IN CONNECTION WITH: (I) DEATH OR PERSONAL INJURY, (II) FRAUDULENT MISREPRESENTATION, OR (III) CISCO'S LIABILITY IN CONNECTION WITH ANY TERMS THAT CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Customer acknowledges and agrees that Cisco has set its prices and entered into the Agreement in reliance upon the disclaimers of warranty and the limitations of liability set forth herein, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

Controlling Law, Jurisdiction. If you acquired, by reference to the address on the purchase order accepted by the Approved Source, the Software in the United States, Latin America, or the Caribbean, the Agreement and warranties ("Warranties") are controlled by and construed under the laws of the State of California, United States of America, notwithstanding any conflicts of law provisions; and the state and federal courts of California shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in Canada, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of the Province of Ontario, Canada, notwithstanding any conflicts of law provisions; and the courts of the Province of Ontario shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in Europe, the Middle East, Africa, Asia or Oceania (excluding Australia), unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of England, notwithstanding any conflicts of law provisions; and the English courts shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. In addition, if the Agreement is controlled by the laws of England, no person who is not

a party to the Agreement shall be entitled to enforce or take the benefit of any of its terms under the Contracts (Rights of Third Parties) Act 1999. If you acquired the Software in Japan, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of Japan, notwithstanding any conflicts of law provisions; and the Tokyo District Court of Japan shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in Australia, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of the State of New South Wales, Australia, notwithstanding any conflicts of law provisions; and the State and federal courts of New South Wales shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in any other country, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of the State of California, United States of America, notwithstanding any conflicts of law provisions; and the state and federal courts of California shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties.

For all countries referred to above, the parties specifically disclaim the application of the UN Convention on Contracts for the International Sale of Goods. Notwithstanding the foregoing, either party may seek interim injunctive relief in any court of appropriate jurisdiction with respect to any alleged breach of such party's intellectual property or proprietary rights. If any portion hereof is found to be void or unenforceable, the remaining provisions of the Agreement and Warranties shall remain in full force and effect. Except as expressly provided herein, the Agreement constitutes the entire agreement between the parties with respect to the license of the Software and Documentation and supersedes any conflicting or additional terms contained in any Purchase Order or elsewhere, all of which terms are excluded. The Agreement has been written in the English language, and the parties agree that the English version will govern.

U.S. Government End User Purchasers. The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement into which the Agreement may be incorporated, Customer may provide to Government end user or, if the Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in the Agreement. Use of either the Software or Documentation or both constitutes agreement by the Government that the Software and Documentation are "commercial computer software" and "commercial computer software documentation," and constitutes acceptance of the rights and restrictions herein.

Identified Components; Additional Terms. The Software may contain or be delivered with one or more components, which may include third-party components, identified by Cisco in the Documentation, readme.txt file, third-party click-accept or elsewhere (e.g. on www.cisco.com) (the "Identified Component(s)") as being subject to different license agreement terms, disclaimers of warranties, limited warranties or other terms and conditions (collectively, "Additional Terms") than those set forth herein. You agree to the applicable Additional Terms for any such Identified Component(s).

Limited Warranty

Subject to the limitations and conditions set forth herein, Cisco warrants that commencing from the date of shipment to Customer (but in case of resale by an Approved Source other than Cisco, commencing not more than ninety (90) days after original shipment by Cisco), and continuing for a period of the longer of (a) ninety (90) days or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying

the product of which the Software is a part (the "Product") (if any): (a) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. The date of shipment of a Product by Cisco is set forth on the packaging material in which the Product is shipped. Except for the foregoing, the Software is provided "AS IS". This limited warranty extends only to the Software purchased from an Approved Source by a Customer who is the first registered end user. Customer's sole and exclusive remedy and the entire liability of Cisco and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at Cisco's option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to the Approved Source supplying the Software to Customer, within the warranty period. Cisco or the Approved Source supplying the Software to Customer may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does Cisco warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for intruding upon and attacking networks, Cisco does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack.

Restrictions. This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Cisco or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Cisco, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; (f) any Software not posted on Cisco's Software Center; (g) any Software that Cisco expressly provides on an "AS IS" basis on Cisco's Software Center; (h) any Software for which an Approved Source does not receive a license fee; and (i) Software supplied by any third party which is not an Approved Source.

DISCLAIMER OF WARRANTY

EXCEPT AS SPECIFIED IN THIS WARRANTY SECTION, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY CISCO, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT THAT ANY OF THE SAME CANNOT BE EXCLUDED, SUCH IMPLIED CONDITION, REPRESENTATION AND/OR WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD REFERRED TO IN THE "LIMITED WARRANTY" SECTION ABOVE. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY IN SUCH STATES. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION. This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose.

Disclaimer of Liabilities-Limitation of Liability. IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, CANADA, JAPAN OR THE CARIBBEAN, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO ANY APPROVED SOURCE FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT).

IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO CISCO FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT).

NOTHING IN THE AGREEMENT SHALL LIMIT (I) THE LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS TO CUSTOMER FOR PERSONAL INJURY OR DEATH CAUSED BY THEIR NEGLIGENCE, (II) CISCO'S LIABILITY FOR FRAUDULENT MISREPRESENTATION, OR (III) ANY LIABILITY OF CISCO WHICH CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Disclaimer of Liabilities-Waiver of Consequential Damages and Other Losses. IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, THE CARIBBEAN OR CANADA, REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO OR ITS SUPPLIERS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ITS SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

IF YOU ACQUIRED THE SOFTWARE IN JAPAN, EXCEPT FOR LIABILITY ARISING OUT OF OR IN CONNECTION WITH DEATH OR PERSONAL INJURY, FRAUDULENT MISREPRESENTATION, AND REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ANY APPROVED SOURCE OR THEIR SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, BE LIABLE FOR ANY LOST REVENUE, LOST PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES, HOWSOEVER ARISING, INCLUDING, WITHOUT LIMITATION, IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE, EVEN IF, IN EACH CASE, CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT FULLY APPLY TO YOU. THE FOREGOING EXCLUSION SHALL NOT APPLY TO ANY LIABILITY ARISING OUT OF OR IN CONNECTION WITH: (I) DEATH OR PERSONAL INJURY, (II) FRAUDULENT MISREPRESENTATION, OR (III) CISCO'S LIABILITY IN CONNECTION WITH ANY TERMS THAT CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Customer acknowledges and agrees that Cisco has set its prices and entered into the Agreement in reliance upon the disclaimers of warranty and the limitations of liability set forth herein, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

Controlling Law, Jurisdiction. If you acquired, by reference to the address on the purchase order accepted by the Approved Source, the Software in the United States, Latin America, or the Caribbean, the Agreement and warranties ("Warranties") are controlled by and construed under the laws of the State of California, United States of America, notwithstanding any conflicts of law provisions; and the state and federal courts of California shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in Canada, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of the Province of Ontario, Canada, notwithstanding any conflicts of law provisions; and the courts of the Province of Ontario shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in Europe, the Middle East, Africa, Asia or Oceania (excluding Australia), unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of England, notwithstanding any conflicts of law provisions; and the English courts shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. In addition, if the Agreement is controlled by the laws of England, no person who is not

a party to the Agreement shall be entitled to enforce or take the benefit of any of its terms under the Contracts (Rights of Third Parties) Act 1999. If you acquired the Software in Japan, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of Japan, notwithstanding any conflicts of law provisions; and the Tokyo District Court of Japan shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in Australia, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of the State of New South Wales, Australia, notwithstanding any conflicts of law provisions; and the State and federal courts of New South Wales shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in any other country, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of the State of California, United States of America, notwithstanding any conflicts of law provisions; and the state and federal courts of California shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties.

For all countries referred to above, the parties specifically disclaim the application of the UN Convention on Contracts for the International Sale of Goods. Notwithstanding the foregoing, either party may seek interim injunctive relief in any court of appropriate jurisdiction with respect to any alleged breach of such party's intellectual property or proprietary rights. If any portion hereof is found to be void or unenforceable, the remaining provisions of the Agreement and Warranties shall remain in full force and effect. Except as expressly provided herein, the Agreement constitutes the entire agreement between the parties with respect to the license of the Software and Documentation and supersedes any conflicting or additional terms contained in any Purchase Order or elsewhere, all of which terms are excluded. The Agreement has been written in the English language, and the parties agree that the English version will govern.

Other than the rights expressly granted to you in this Agreement, we reserve all rights with respect to the Products and any and all related rights, including any derivative works and any media, mode, or method of distribution or transmission of the Products, whether available now or developed in the future.

5.4. Privacy and Data Collection. Our Privacy Policy hereby incorporated into this Agreement as Attachment 3. Please read the Privacy Policy carefully for information relating to our collection, use, and disclosure of personal information. We

collect Traffic Information and may from time to time make available functionality that allows the Government to limit or restrict the types of Traffic Information we collect. Additionally, for devices with Agent Software installed, we transmit certain geolocation information about those devices and the networks on which they are running to Google Inc. ("**Google**"), which provides us with related geolocation information that we store and make available to network administrators as described in our Privacy Policy. Google's Privacy Policy, and not Meraki's, governs Google's handling of the information that we provide to Google. We use Traffic Information to make data available to you regarding, and to allow you to exercise certain controls with respect to, the traffic on your Network. We use Systems Manager Data to provide support and conduct product development activities. You represent and warrant to us that you have obtained or will obtain valid consent from each End User to add that End User's device to the Network, to permit you and Meraki to collect, use, and disclose Traffic Information as described in this Section 5.4, and, to the extent you use Systems Manager, to use Systems Manager as described above (including, without limitation, accessing and deleting files on devices) and to permit you and Meraki to collect, use, and disclose Systems Manager Data as described in this Section 5.4. You hereby consent to our collection, use, and disclosure of Traffic Information and, to the extent you use Systems Manager, to our use of the Device Management Functionality and its collection, use, and disclosure of Systems Manager Data, in each case as described in this Section 5.4.

5.5. Publicity. Neither we, nor you, will use the other's name, trademark, or trade name without the prior written consent of the other party.

ARTICLE 6 TERM AND TERMINATION

6.1. Term. This Agreement will be effective with respect to your use of the Products until the expiration of the License(s) applicable to the Products you are using, unless earlier terminated under the FAR. To the extent that you purchase additional Hosted Software License(s) subsequent to the date of the first Order, the duration of each Hosted Software License you have purchased will be adjusted such that all of your Hosted Software Licenses terminate on the same date.

The new co-termination date is calculated as a function of (i) the remaining time on your existing Hosted Software License(s) at the time of purchase, (ii) the duration of the Hosted Software License(s) purchased, and (iii) the one-year list price of each such Hosted Software License. This function produces a time value attributable to each Hosted Software License purchased that, when added together with the time value attributable to all new Hosted Software Licenses in a given purchase, yields what we call the "Incremental Dollar Days" associated with the new purchase. In addition, based on the one-year list price of all Hosted Software Licenses in your Network and the number of each type of Hosted Software License purchased, we determine the amount of Hosted Software License value that your Network consumes each day, what we call the "Daily License Usage Rate." By dividing the Incremental Dollar Days by the Daily License Usage Rate, and adding the resulting number of days to the remaining time on your existing Hosted Software Licenses we arrive at the adjusted co-termination date following any new purchase. For further information regarding our licensing and co-termination policies please visit <http://meraki.cisco.com/support/#policies:licensing>.

6.2. Termination. Termination may only be effected by the procedures set forth in the FAR.

6.3. Effect of Termination. Upon the termination of this Agreement for any reason, your access to and right to use the Products will terminate, and all Licenses will terminate. Upon expiration of a Hosted Software License, your Apps License will survive and you may continue to access and use the Web Apps and Mobile Apps, subject to the terms and conditions of this Agreement. Upon termination of this Agreement, each party will return (or destroy) any Confidential Information of the other party in its possession. The following provisions of this Agreement will survive any termination of the Agreement: Sections 5.1, 5.2, 5.3, 5.4, and 6.3, and ARTICLE 8.

ARTICLE 7 MERAKI WARRANTIES

7.1. Service Warranties. Meraki will make reasonable efforts to provide the Hosted Software and Web Apps available in accordance with the service level warranty set forth in the Service Level Agreement included as Attachment 1 (the "**Service Level Warranty**"). The remedy set forth in the Service Level Agreement is your sole and exclusive remedy with respect to the subject matter of the Service Level Agreement, and our sole and exclusive liability, in contract, tort, or otherwise, for any breach of the Service Level Warranty.

7.2. Hardware Warranties. We represent and warrant to you, the entity who obtained the Hardware from Meraki or its authorized reseller, but not to any End Users or other third parties, as follows: (i) for the Warranty Period, the Hardware will be free from material defects in materials and workmanship; (ii) all items of Hardware are new or refurbished unless otherwise indicated on the face of the Order; and (iii) we have good title to the Hardware, free and clear of any liens, claims, or encumbrances. Hardware not meeting the warranties set forth above will be, at our option, (a) repaired, (b) replaced, or (c) Meraki will refund to you the depreciated amount of the Purchase Price allocable to the defective Hardware, calculated on a straight-line, five-year basis. All Hardware repaired or replaced under warranty will be warranted for the remainder of the Warranty Period. For any return permitted under Meraki's return policy as provided in Attachment 4, you will request a Return Materials Authorization ("**RMA**") number in writing with the reasons for the return

request. The remedies described above are our sole liability and your sole remedy for any breach of the warranties contained in this Section 7.2. Meraki is not responsible for any Customer Content or any other non-Meraki data or information stored on any Hardware returned to Meraki for repair, whether under warranty or not.

ARTICLE 8 MISCELLANEOUS

8.1. Integration. This Agreement, the EULA, the Order, and the Service Level Agreement (collectively, the “**Governing Documents**”) constitute the entire agreement between Meraki and Customer with respect to the subject matter of the Governing Documents and supersede all prior agreements, understandings, and arrangements, oral or written, between Meraki and Customer. No agreement or representations, oral or otherwise, express or implied, with respect to the subject matter of the Governing Documents have been made either by Meraki or Customer which is not expressly set forth in the Governing Documents. If there is a conflict between the terms of this Agreement and the EULA, the terms of this Agreement will apply.

8.2. Force Majeure. Neither you nor Meraki will be liable under this Agreement by reason of any failure or delay in the performance of its obligations on account of strikes (other than strikes of a party’s own employees), shortages, riots, insurrection, fires, flood, storm, explosions, acts of God, war, governmental action, labor conditions (other than with respect to a party’s own employees), earthquakes, material shortages or any other causes that are beyond the reasonable control of such party so long as the parties will use commercially reasonable efforts, including the implementation of business continuity measures, to mitigate the effects of such force majeure.

8.3 Reserved.

8.4. Severability. If any portion of this Agreement is held invalid by a court of competent jurisdiction, then such portion will be deemed to be of no force or effect, and this Agreement will be construed as if such portion had not been included herein.

8.5. Assignment. Neither this Agreement nor any rights under this Agreement may be assigned or otherwise transferred by either party, in whole or in part, without the prior written consent of the other party, in accordance with the provisions of the Anti-Assignment Act, 41 U.S.C. § 6305, and approval procedures set forth at FAR42.1204. Any attempted assignment in violation of this Section 8.5 will be void and without effect. Subject to the foregoing, this Agreement will be binding upon and will inure to the benefit of the parties and their respective successors and assigns.

ADDITIONAL LICENSE RESTRICTIONS

Device Restricted Versions: The Customer may install and run the Software on a single server to manage up to the cumulative device count specified in the Right To Use statement located on the Claim Certificate received as part of the software package. When used anywhere in this SEULA, a "device" means any device in the Customer's network environment which has its own IP address.

Please refer to this guide for further device definition.

Customers whose requirements exceed the license limit of devices must purchase additional incremental licenses. Device restrictions are enforced by license registration and through serial key installation.

Limitations associated with the maximum number of devices that the application can support per server is specified below. The licensed device limit will always override the maximum number of devices supported per server unless the customer has purchased and registered the 5,000 or the 10,000 device license offering.

Installation and Use

The Software components are provided to Customer solely to install, update, supplement, or replace existing functionality of the applicable Network Management Software product. Some license terms, such as device count and proof of preexisting licenses may be electronically enforced. Customer may install and use the following Software components:

Cisco Prime LAN Management Solution (Cisco Prime LMS): May be installed on one (1) server in Customer's network management environment. Installing the Software and applying a single serial license key to two (2) servers are supported in the 5,000 and 10,000 device restricted versions, but the cumulative total number of devices supported cannot exceed 5,000 and 10,000 respectively per serial license key. When two servers are used to host Cisco Prime LMS, each server should have a copy of the original license key installed on it. Customers should not modify the license file.

Additional Information for 5,000 Device Restricted Version for LMS 4.2

Users of Cisco Prime LMS 4.2 with 5,000 device restricted licensing may require Cisco Prime LMS to be run on separate servers in order to support a large number of devices or to meet certain performance criteria. One additional copy of Cisco Prime LMS may be installed on a secondary server provided the customer has purchased and registered the 5,000 device restricted version of the Cisco Prime LMS software. When installed on a secondary server, the cumulative total number of devices supported cannot exceed 5,000 per serial license key. Device support beyond 5,000 unique cumulative devices will require additional licenses and copies of Cisco Prime LMS to be purchased pursuant to a newly executed GSA Customer Purchase Order.

Additional Information for 10,000 Device Restricted Version for LMS 4.2

Users of Cisco Prime LMS 4.2 with 10,000 device restricted licensing often require Cisco Prime LMS to be run on separate servers in order to support a large number of devices or to meet certain performance criteria. One additional copy of Cisco Prime LMS may be installed on a secondary server provided that the customer has purchased and registered the 10,000 device restricted version of the Cisco Prime LMS software. When installed on a secondary server, the cumulative total number of devices supported cannot exceed 10,000 per serial license key. Device support beyond 10,000 unique cumulative devices will require additional licenses and copies of Cisco Prime LMS to be purchased pursuant to a newly executed GSA Customer Purchase Order.

Additional Information for RHEL

RHEL distribution that comes along with Cisco Prime LMS 4.2 is solely intended for use by Cisco Prime LMS application alone and customers may not use this for other purposes.

Reproduction and Distribution

Customer may not reproduce nor distribute software except to make copies to authorized employees, agents, and contractors for backup purposes only.

Dear Customer, Supplemental End User License Agreement

This Supplemental End User License Agreement (“SEULA”) contains additional terms and conditions for the Software Product licensed under the End User License Agreement (“EULA”) between you (“GSA Customer”) and Cisco (collectively, the “Agreement”). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence..

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA . When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

For the purpose of this SEULA, we define the following terms:

“Authorized Service Provider” is a service provider that has an agreement with Cisco that explicitly authorizes support for the Restricted Features.

“Intra-company Use” is a use of the Software Product which occurs within the same company/entity and which traverses a service provider network for the purpose of interconnecting and communicating to endpoints within the same companies/entities.

“Inter-company Use” is a use of the Software Product which occurs between two or more companies/entities and which traverses a service provider network for the purpose of interconnecting and communicating to other companies/entities. A use may include functionality that is accessed before, during or after a Cisco TelePresence meeting. Inter-company Use also includes providing features of the Software Product in a commercially available service offering.

“Restricted Features” means one or more of the following features: (i) Inter-company Multipoint encryption; and (ii) Inter-company HD/SD Inter-Operability.

In addition to the Agreement, the following supplemental terms apply:

1. The Restricted Features are available or potentially enabled in this Software Product but may only be used for Intra-company Use. THE RESTRICTED FEATURES CANNOT BE USED FOR THE PURPOSES OF INTER-COMPANY USE UNLESS SUCH USE IS PERMITTED BY AN AUTHORIZED SERVICE PROVIDER. IF YOU WERE TO USE THE RESTRICTED FEATURES FOR INTER-COMPANY USE, YOUR USE OF THE RESTRICTED FEATURES PRIOR TO SUCH AUTHORIZATION WOULD CONSTITUTE A BREACH OF THE AGREEMENT. Unless your use is through an Authorized Service Provider, you are not authorized to use the Restricted Features for Inter-company Use until

the Restricted Features have been noted as a generally available feature set in the updated release notes for the Software Product, as posted by Cisco on cisco.com. Notwithstanding the foregoing, your Intra-company Use of the Restricted Features shall not be restricted by this paragraph.

2. The CTS-Manager calendaring feature for scheduling TelePresence calls may only be used for Intra-company Use. The CTS-Manager calendaring feature may not be used with more than one calendaring application. Customers in a shared office space with multiple tenants using their own calendaring solution must deploy one CTS-Manager per tenant.

3. The Commercial Express product contains software provided by VMware, Inc. or its affiliates, and use of VMware software is subject to the terms of the VMware ESX/ESXi End User License Agreement Attachment 10.

THE FOLLOWING TERMS OF THE AGREEMENT GOVERN CUSTOMER'S ACCESS AND USE OF EACH CISCO OR CISCO-SUPPLIED SOFTWARE ("SOFTWARE").

License

Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive and nontransferable license to use for Customer's internal business purposes the Software and the Documentation for which Customer has paid the required license fees. "Documentation" means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) pertaining to the Software and made available by Cisco with the Software in any manner (including on CD-ROM, or on-line). In order to use the Software, Customer may be required to input a registration number or product authorization key and register Customer's copy of the Software online at Cisco's website to obtain the necessary license key or license file. Customer's license to use the Software shall be limited to, and Customer shall not use the Software in excess of, a single hardware chassis or card or such other limitations as are set forth in the applicable Supplemental License Agreement or in the applicable Purchase Order which has been accepted by Cisco and for which Customer has paid to Cisco the license fee as required by the "GSA Customer Purchase Order").

Unless otherwise expressly provided in the Documentation or any applicable Supplemental License Agreement, Customer shall use the Software solely as embedded in, for execution on, or (where the applicable Documentation permits installation on non-Cisco equipment) for communication with Cisco equipment owned or leased by Customer

and used for Customer's internal purposes. No other licenses are granted by implication, estoppel or otherwise. For evaluation or beta copies for which Cisco does not charge a license fee, the above requirement to pay license fees does not apply.

General Limitations

This is a license, not a transfer of title, to the Software and Documentation, and Cisco retains ownership of all copies of the Software and Documentation. Customer acknowledges that the Software and Documentation contain trade secrets of Cisco or its suppliers or licensors, including but not limited to the specific internal design and structure of individual programs and associated interface information. Except as otherwise expressly provided under the Agreement, Customer shall have no right, and Customer specifically agrees not to:

- (i) transfer, assign or sublicense its license rights to any other person or entity (other than in compliance with any Cisco relicensing/transfer policy then in force), or use the Software on unauthorized or secondhand Cisco equipment, and Customer acknowledges that any attempted transfer, assignment, sublicense or use shall be void;
- (ii) make error corrections to or otherwise modify or adapt the Software or create derivative works based upon the Software, or permit third parties to do the same;
- (iii) reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human-readable form, except to the extent otherwise expressly permitted under applicable law notwithstanding this restriction;
- (iv) publish any results of benchmark tests run on the Software;
- (v) use or permit the Software to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, without the express written authorization of Cisco; or
- (vi) disclose, provide, or otherwise make available trade secrets contained within the Software and Documentation in any form to any third party without the prior written consent of Cisco. Customer shall implement reasonable security measures to protect such trade secrets.

To the extent required by applicable law, and at Customer's written request, Cisco shall provide Customer with the interface information needed to achieve interoperability between the Software and another independently created program, on payment of Cisco's applicable fee, if any. Customer shall observe strict obligations of confidentiality with respect to such information and shall use such information in compliance with any applicable terms and conditions upon which Cisco makes such information available.

Software, Upgrades and Additional Copies

For purposes of the Agreement, "Software" shall include (and the terms and conditions of the Agreement shall apply to) computer programs, including firmware, as provided to Customer by Cisco or an authorized Cisco reseller, and any upgrades, updates, bug fixes or modified versions thereto (collectively, "Upgrades") or backup copies of any of the foregoing. NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT: (1) CUSTOMER HAS NO LICENSE OR RIGHT TO MAKE OR USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS CUSTOMER, AT THE TIME OF MAKING OR ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE FEE FOR THE UPGRADE OR ADDITIONAL COPIES; (2) USE OF UPGRADES IS LIMITED TO CISCO EQUIPMENT FOR WHICH CUSTOMER IS THE ORIGINAL END USER PURCHASER OR LESSEE OR OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY. NOTHING CONTAINED HEREIN SHALL RESTRICT THE CUSTOMER'S RIGHT TO PROVIDE COPIES TO ITS DULY AUTHORIZED EMPLOYEES, AGENTS, CONSULTANTS AND/OR INDEPENDENT CONTRACTORS SOLELY FOR BACKUP PURPOSES..

Proprietary Notices

Customer agrees to maintain and reproduce all copyright and other proprietary notices on all copies, in any form, of the Software in the same form and manner that such copyright and other proprietary notices are included on the Software. Except as expressly authorized in the Agreement, Customer shall not make any copies or duplicates of any Software without the prior written permission of Cisco. . NOTHING CONTAINED HEREIN SHALL RESTRICT THE GOVERNMENT'S RIGHT TO PROVIDE COPIES TO ITS DULY AUTHORIZED EMPLOYEES, AGENTS, CONSULTANTS AND/OR INDEPENDENT CONTRACTORS SOLELY FOR BACKUP PURPOSES.

Term and Termination

The Agreement and the license granted herein shall remain effective until terminated. The parties may terminate the Agreement only in accordance with the procedures set forth in the FAR. Upon termination, Customer shall destroy all copies of Software and Documentation in its possession or control. All confidentiality obligations of Customer and all limitations of liability and disclaimers and restrictions of warranty shall survive termination of this Agreement. In addition, the provisions of the sections titled

"U.S. Government End User Purchasers" and "General Terms Applicable to the Limited Warranty Statement and End User License Agreement" shall survive termination of the Agreement.

Government Records

Customer grants to Cisco and its independent accountants the right to examine Customer's books, records and accounts during Customer's normal business hours to verify compliance with this Agreement as long as Cisco complies with Customer's security requirements. In the event such audit discloses non-compliance with this Agreement, the parties shall negotiate a new GSA Customer Purchase Order to bring the Customer into compliance..

Export, Re-Export, Transfer and Use Controls

The Software, Documentation and technology or direct products thereof (hereafter referred to as Software and Technology), supplied by Cisco under this Agreement are subject to export controls under the laws and regulations of the United States (U.S.) and any other applicable countries' laws and regulations. Customer shall comply with such laws and regulations governing export, re-export, transfer and use of Cisco Software and Technology and will obtain all required U.S. and local authorizations, permits, or licenses. Cisco and Customer each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses. Information regarding compliance with export, re-export, transfer and use may be located at the following URL:

http://www.cisco.com/web/about/doing_business/legal/global_export_trade/general_export/contract_compliance.html and is provided for informational purposes only.

U.S. Government End User Purchasers

The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement into which the Agreement may be incorporated, Customer may provide to Government end user or, if the Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in the Agreement.

The Government agrees that the Software and Documentation are "commercial computer software" and "commercial computer software documentation," and accepts the rights and restrictions herein.

Limited Warranty

Subject to the limitations and conditions set forth herein, Cisco warrants that commencing from the date of shipment to Customer (but in case of resale by an authorized Cisco reseller, commencing not more than ninety (90) days after original shipment by Cisco), and continuing for a period of the longer of (a) ninety (90) days or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying the product of which the Software is a part (the "Product") (if any): (a) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. The date of shipment of a Product by Cisco is set forth on the packaging material in which the Product is shipped. Except for the foregoing, the Software is provided "AS IS". This limited warranty extends only to

the Customer who is the original licensee. Customer's sole and exclusive remedy and the entire liability of Cisco and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at Cisco's option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to Cisco or the party supplying the Software to Customer, if different than Cisco, within the warranty period. Cisco or the party supplying the Software to Customer may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does Cisco warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for intruding upon and attacking networks, Cisco does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack.

Restrictions

This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Cisco or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Cisco, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; or (f) any Software for which Cisco does not receive a license fee.

Disclaimer OF Warranty

EXCEPT AS SPECIFIED IN THIS WARRANTY SECTION, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY CISCO, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT AN IMPLIED WARRANTY CANNOT BE EXCLUDED, SUCH WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION. This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose.

The foregoing exclusions/limitations of liability shall not apply (1) to personal injury or death caused by Cisco's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

General Terms Applicable to the Limited Warranty Statement, End User License Agreement, and Supplemental License Agreement

Controlling Law, Jurisdiction

If you acquired the Software in the United States, , the Agreement and Hardware and Software warranties ("Warranties") are controlled by and construed under the Federal laws of the , United States of America, notwithstanding any conflicts of law provisions. For all countries referred to above, the parties specifically disclaim the application of the UN Convention on Contracts for the International Sale of Goods.

If any portion hereof is found to be void or unenforceable, the remaining provisions of the Agreement and Warranties shall remain in full force and effect. Except as expressly provided herein, the Agreement constitutes the entire agreement between

the parties with respect to the license of the Software and Documentation. The Agreement has been written in the English language, and the parties agree that the English version will govern.

All capitalized terms used but not otherwise defined in this Agreement have the meanings given to them in the End Customer Agreement above (the Meraki SEULA), or as otherwise entered into between Cisco Meraki and Customer (the “**Customer Agreement**”).

1. Definitions. For purposes of this Agreement, the following terms have the meaning ascribed to each term below:

“**Downtime**” means if the Hosted Software is unavailable to Customer due to failure(s) in the Hardware, Firmware, or Hosted Software, as confirmed by both Customer and Cisco Meraki.

2. Service Level Warranty. During the Term, the Hosted Software will be operational and available to Customer at least 99.99% of the time in any calendar month (the “**Service Level Warranty**”). If the Monthly Uptime Percentage does not meet the Service Level Warranty in any calendar month, and if Customer meets its obligations under this Agreement, then Customer will be eligible to receive Service Credit as follows:

Uptime	Days Credited
< 99.99% - ≥ 99.9%	3
< 99.9% - ≥ 99.0%	7

3. Customer Must Request Service Credit. In order to receive any of the Service Credits described above, Customer must notify Cisco Meraki within 30 days from the time Customer becomes eligible to receive a Service Credit. Failure to comply with this requirement will forfeit Customer’s right to receive a Service Credit.

4. Maximum Service Credit. The aggregate maximum amount of Service Credit to be issued by Cisco Meraki to Customer for all Downtime that occurs in a single calendar month will not exceed 15 days. Service Credit may not be exchanged for, or converted into, monetary amounts.

5. Exclusions. Personal Information

"**Personal Information**," as used in this Policy, is information that specifically identifies an individual, such as an individual's name, address, telephone number, or e-mail address. Personal Information also includes information, such as demographic information (e.g., date of birth, gender, geographic area, and preferences), when any of this information is linked to Personal Information that identifies that individual.

Personal Information does not include "aggregate" or other non-personally identifiable information. Aggregate information is information that we collect about a group or category of products, services, or users that is not personally identifiable or from which individual identities are removed. We may use and disclose aggregate information, and other non-personally identifiable information, for various purposes at our sole discretion and without notice or liability to you.

Collection of Information

Collection of Voluntarily-Provided Information

We collect Personal Information that our users provide to us in a variety of ways on our Services. These include the following:

- *E-mail Newsletters.* We may offer e-mail newsletters from time to time on our Services. If you sign up to receive a newsletter from us, we collect your e-mail address.
- *User Accounts and Profiles.* Our Services may give you the ability to register for an account or to create and update a user profile. If we offer user account or profile functionality on the Services, we will collect the Personal Information that you provide to us in the course of registering for an account or creating or updating a user account or profile. This information may include, for example, name, postal address, telephone number, e-mail address, and related demographic information about you. We may indicate that some Personal Information is required for you to register for the account or to create the profile, while some is optional.
- *Logging into Networks.* Certain networks using our Services may require users to establish or use login credentials. In connection with supporting this log-on functionality, we may collect information such as email addresses, telephone numbers, or user or administrator-created usernames, along with user-created or administrator-created passwords, to facilitate such log-on functionality and otherwise to provide our Services.
- *Correspondence.* If you contact us by e-mail, using a contact form on the Services, or by other means, we collect the Personal Information contained within, and associated with, your correspondence.
- *Contests and Sweepstakes.* We and other business partners may conduct or sponsor special contests, sweepstakes, and other promotions that users may enter or otherwise participate in on our Services or otherwise. Certain of these promotions may be co-branded with one of our advertisers or other business partners. In these instances, the collection of your Personal Information may occur directly by the third-party partner on its website or other online service and may be shared with us. The promotion will state the privacy policy or policies governing the collection of such personal information.
- *Testimonials.* We display testimonials of satisfied customers on our site in addition to other endorsements. With your consent we may post your testimonial along with your name.
- *Information Related to Data Collected for our Customers.* Meraki collects information under the direction of its customers, and has no direct relationship with the individuals whose personal data it processes. If you are an individual who makes use of services offered by one of our customers and would no longer like to be contacted by that customer, please contact the customer that you interact with directly. We may transfer personal information to companies that help us provide our Services. Transfers to subsequent third parties are covered by the service agreements with our customers.

Passive Information Collection

When you use or visit our Services, some information is collected automatically. For example, when you access our Services, we automatically collect your browser's Internet Protocol (IP) address, your browser type, the nature of the device from which you are visiting the Services (e.g., a personal computer or a mobile device), identifiers for any handheld or mobile device that you may be using, the Web site that you visited immediately prior to accessing any Web-based Services, the actions you take on our Services, and the content, features, and activities that you access and engage with on our Services. We also may collect information regarding your interaction with e-mail messages from Meraki, such as whether you opened, clicked on, or forwarded a message.

We may collect this information passively using technologies such as standard server logs, cookies, and clear GIFs (also known as "Web beacons"). We use passively-collected information to administer, operate, maintain and improve our Services and our other services and systems and to provide content that is tailored to you.

If we link or associate any information gathered through passive means with Personal Information, or if applicable laws require us to treat any information gathered through passive means as Personal Information, we treat the combined

information as Personal Information under this Policy. Otherwise, we use and disclose information collected by passive means in aggregate form or otherwise in a non-personally identifiable form. Please be aware that in the course of your use of the Services, websites or other services provided by third parties ("**Third-Party Services**"), including marketing or website optimization vendors, may set cookies on your hard drive or use other means of passively collecting information about your use of their Third-Party Services or other services or content. To do this, they may use first-party cookies (which are set by the same domain your browser is receiving data from) or third-party cookies (which are set by a different domain). Meraki also may make non-personally identifiable information available to Third-Party Services, and these Third-Party Services may collect such information, to assist such parties in understanding our users' activities and usage patterns on the Services. If desired, you may use the [Google Analytics Opt-out Browser Add-on](#) to opt-out of having information collected by Google Analytics.

We do not have access to, or control over, the actions of Third-Party Services. Each provider of Third-Party Services uses information that it collects in accordance with its own privacy and security policies.

Additionally, please be aware that Google and other third-party vendors may place or recognize one or more unique cookies on your computer when you use the Services, and may record information to these cookies based upon your activities on our Services and on third-party websites and other Third-Party Services. Google and these other third-party vendors may use information about those activities to inform, optimize, and serve advertisements. In particular, we may use Google and other third-party vendors to engage in "remarketing," in which advertisements you see on third-party websites and services may be based on your prior visits to our Services.

To learn more about these practices, and to opt-out from Google's and other vendors' use of information collected on the Services through cookies for advertising purposes, you may visit [Google's Ads Preferences Manager](#), [TRUSTe's Preference Manager](#), or the [Network Advertising Initiative opt-out page](#). Please note that opting-out will not prevent advertisements from being served to you on the Internet; it will only result in advertisements that utilize cookies to serve advertisements on the specified advertising networks from which you opt-out no longer being targeted. We are not responsible for the activities of other parties that may not comply with your opt-out requests.

We also use Google Conversion Tracking, which tracks whether users engage in certain activities (e.g., filling out a form to receive more information about our products or services) after they view one of our advertisements on a Third-Party Service. Google uses cookies to track conversions and to report that information to us.

Finally, please also be aware that we use the Google Maps API as a source of maps, geographic data, and geolocation information for purposes of providing location-based information regarding terminal devices connected to networks managed by our Services and for providing related reporting and analysis. Google may collect information, including personal information, from those who view content provided through the Google Maps API, and Google handles such information in accordance with the [Google Privacy Policy](#).

Network Usage Information Collected by Our Services

Some of our Services collect information from terminal devices connected to networks that are managed by those Services. Those Services also collect information regarding the performance of, and certain other information regarding, such networks. This information includes, for example, MAC address, device type, operating system, geolocation information, and network traffic information (e.g., hostnames, protocols, port numbers, and IP addresses). This information is made available to administrators of networks managed by our Services through an online interface that we call the "dashboard". Additionally, if a Meraki customer elects to use our device management tool currently known as Systems Manager ("**Systems Manager**") and installs its software on, or configures the profile of, a mobile device or other device (e.g., a laptop computer) managed by Systems Manager, the customer or Meraki may undertake certain actions on the device, such as the following: (i) list, access, copy, move, and delete files; (ii) track and record device location over time; (iii) take and record screenshots; (iv) manage the device through remote desktop functionality; (v) set and enforce policies; and (vi) install/remove apps. Finally, for devices with Systems Manager installed or devices that utilize Global Positioning System (GPS) technology, we transmit certain geolocation information about those devices and the network(s) on which they are running to Google, which provides us with related geolocation information that we store and make available to network

administrators through our dashboard as described above in this paragraph. Google handles the information that we provide to it in accordance with the [Google Privacy Policy](#).

Information from Other Sources

We may receive information about you, including Personal Information, from affiliated and unaffiliated third parties, and may combine this information with other Personal Information we maintain about you in order to ensure we have accurate information. If we do so, this Policy governs any combined information that we maintain in personally identifiable format.

Use of Information

We use Personal Information and other information we collect to do any of the following: provide services to our customers; provide information and otherwise respond to your requests, including sales inquiries, email requests, and shipping requests; enhance, improve, operate, maintain, and debug the Website, our other Services, and our other programs, services, Web sites, and systems; improve the effectiveness of our Website as a marketing tool and optimize the performance of the Website and our other Services; prevent fraudulent use of our Services and other systems; to prevent or take action against activities that are, or may be, in violation of the Meraki End Customer Agreement, the Meraki Terms of Use, or applicable law; to tailor content and other aspects of your experience on and in connection with the Services; maintain a record of our dealings with you; for other administrative purposes; and for any other purposes that we may disclose to you at the point at which we request your Personal Information, and pursuant to your consent.

We may also use Personal Information you provide to contact you regarding products, services, and offers, both from ourselves and third parties, that we believe you may find of interest. We allow you to opt-out from receiving marketing communications from us as described in the "Choice" section below.

Disclosure of Information

Except as described in this Policy, we will not disclose your Personal Information that we collect on the Services to third parties without your consent. We may disclose information to third parties if you consent to us doing so, as well as in the following circumstances:

Service Providers

We may disclose Personal Information to third-party service providers (e.g., payment processing and data storage and processing facilities) that assist us in our work. We limit the Personal Information provided to these service providers to that which is reasonably necessary for them to perform their functions, and we require them to agree to maintain the confidentiality of such Personal Information.

Business Transfers

Information about our users, including Personal Information, may be disclosed and otherwise transferred to an acquirer, successor, or assignee as part of any merger, acquisition, debt financing, sale of company assets, or similar transaction, as well as in the event of an insolvency, bankruptcy, or receivership in which Personal Information is transferred to one or more third parties as one of our business assets.

To Affiliated Companies

We may disclose Personal Information and other information to our parent company and to other corporate affiliates of ours. These affiliated third-party companies may use and disclose Personal Information and other information that we disclose to them in accordance with their privacy policies and procedures.

To Channel Partners

We may disclose Personal Information and other information to channel partners, such as resellers, of ours. These third parties may use such Personal Information and other information that we disclose to them for purposes such as marketing our products and services to you.

To Protect our Interests

We also may disclose Personal Information and other information if we believe that doing so is legally required or is in our interest to protect our property or other legal rights (including, but not limited to, enforcement of our agreements) or the rights or property of others, or otherwise to help protect the safety or security of our Services or other users of the Services.

Choices Regarding Promotional Communications

If you receive commercial e-mail from us, you may unsubscribe at any time by following the instructions contained within the e-mail. You may also opt-out from receiving commercial e-mail from us, and any other promotional communications that we may send to you from time to time (e.g., by postal mail) by sending your request to us by e-mail at privacy@meraki.com or by writing to us at the address given at the end of this policy. Additionally, if we offer user account functionality on the Services, we may allow you to view and modify settings relating to the nature and frequency of promotional communications that you receive from us.

Please be aware that if you opt-out of receiving commercial e-mail from us, it may take up to ten business days for us to process your opt-out request, and you may receive commercial e-mail from us during that period. Additionally, even after you opt-out from receiving commercial messages from us, you will continue to receive administrative messages from us regarding our Services.

Your California Privacy Rights

You may choose to opt-out of the sharing of your personal information with third parties for their direct marketing purposes at any time by e-mailing us at opt-out@meraki.com. Once we receive your opt-out request, we will no longer disclose your Personal Information to third-parties for their direct marketing purposes. Please be aware that this opt-out does not prohibit disclosures of Personal Information or other information made for non-direct marketing purposes.

Access

If we offer the ability to create user accounts or profiles on our Services, you may have the ability to access and update certain categories of Personal Information that you provide to us by logging in to your account and accessing your account settings. If you wish to access, amend, or delete any other Personal Information we hold about you, you may contact us at privacy@meraki.com.

If you request access to your account including deletion requests on any of our Services (via a user settings page, by e-mail, or otherwise) including requests to remove testimonials that contain Personal Information, we will respond to your access requests within 30 days. Please note that we may need to retain some of your Personal Information in order to satisfy our legal obligations, or where we reasonably believe that we have a legitimate reason to do so.

Please note that Meraki has no direct relationship with the individuals whose personal data we process on behalf of our customers. An individual who seeks access, or who seeks to correct, amend, or delete inaccurate data should direct his or her query to our customer (the data controller). If the customer requests Meraki to remove the data, we will respond to their request within 30 days.

We will retain personal data we process on behalf of our customers for as long as needed to provide services to our customer. Meraki will retain and use this personal information as necessary to comply with our legal obligations, resolve disputes, and enforce our agreements.

Links

The Services may contain links to other Web sites or other Third-Party Services that we do not own or operate. If you choose to visit or use any Third-Party Services or products or services available on or through such Third-Party Services, please be aware that this Policy will not apply to your activities or any information you disclose while using those Third-Party Services or any products or services available on or through such Third-Party Services. We are not responsible for the privacy practices of these Third-Party Services or any products or services on or through them. Additionally, the Services may contain links to Web sites and services that we operate but that are governed by different privacy policies. We encourage you to carefully review the privacy policies applicable to any Web site or service you visit other than the Services before providing any Personal Information on them.

Children

Children's safety is important to us, and we encourage parents and guardians to take an active interest in the online activities of their children. Our Services are not directed to children under the age of 13, and we do not knowingly collect Personal Information from children under the age of 13 without obtaining parental consent. If you believe that we may have collected any such Personal Information on our Services, please notify us at privacy@meraki.com.

International Visitors

Many of our servers and data centers are located in the United States. If you choose to use the Services from outside the U.S., then you should know that you may be transferring your Personal Information outside of your region and into the U.S. for storage and processing. By providing your Personal Information to us through your use of the Service, you agree to that transfer, storage, and processing in the U.S. Also, we may transfer your data from the U.S. to other countries or regions in connection with storage and processing of data, fulfilling your requests, and operating the Services. You should know that each region can have its own privacy and data security laws, some of which may be less stringent as compared to those of your own region.

Security

We use certain security measures in an effort to protect Personal Information from accidental loss, disclosure, misuse, and destruction. The security of your Personal Information and our customers' information is important to us. When you enter sensitive information (such as login credentials) we encrypt the transmission of that information using secure socket layer technology (SSL). Please be aware, however, that no data security measures can be guaranteed to be completely effective. Consequently, we cannot ensure or warrant the security of any information that you provide to us. You transmit information to us at your own risk.

If Meraki learns of a security systems breach, then we may attempt to notify you electronically so that you can take appropriate protective steps. Meraki may post a notice through the Services if a security breach occurs. Depending on where you live, you may have a legal right to receive notice of a security breach in writing. Use of Cookies and other Web Technologies

Like many websites, Cisco uses automatic data collection tools, such as cookies, embedded web links and web beacons. These tools collect certain standard information that your browser sends to our website such as your browser type and the address of the website from which you arrived at our website. They may also collect information about your Internet Protocol (IP) address (a number automatically assigned to your computer whenever you are surfing the Web, allowing Web servers to locate and identify your computer, which is a unique address assigned to your PC by your Internet Service Provider or Information Systems Department on a TCP/IP network) and clickstream behavior (for example, the pages you view and the links you click). These tools help make your visit to our website easier, more efficient and more valuable by providing you with a customized experience and recognizing you when you return. To learn more, read Cisco's Use of [Automatic Data Collection Tools](#).

Our website includes widgets, which are interactive mini-programs that run on our site to provide specific services from another company (e.g. displaying the news, opinions, music, etc). Personal information, such as your email address, may be collected through the widget. Cookies may also be set by the widget to enable it to function properly. Information collected by this widget is governed by the privacy policy of the company that created it. Our widget may have an import contacts feature to help you email your contacts. At your request, we will search your email address book to help you import your contacts to our website.

Some web browsers may let you enable a "do not track" feature that sends signals to the websites you visit, indicating that you do not want your online activities tracked. This is different than blocking or deleting cookies, as browsers with a "do not track" feature enabled may still accept cookies. There is currently no industry standard for how companies should respond to "do not track" signals, although one may develop in the future. We do not respond to "do not track" signals at this time. If we do so in the future, we will describe how in this Privacy Statement. More information about "do not track" is available at www.allaboutdnt.org.

Linked Websites

We may provide links to other third-party websites and services which are outside our control and not covered by this Privacy Statement. We encourage you to review the privacy statements posted on those websites (and all websites) you visit.

Forums/Chat Rooms

If you participate in a discussion forum or chat room on a Cisco website, you should be aware that the information you provide there will be made broadly available to others, and can be read, collected or used by other users of these forums, potentially inside or outside Cisco, who have access to that discussion forum or chat room. This information could also be used to send you unsolicited messages. Also, please recognize that individual forums and chat rooms may have additional rules and conditions. Each participant's opinion on a forum or chat room is his or her own and should not be considered as reflecting the opinion of Cisco. We are not responsible for the Personal Information or any other information you choose to submit in these forums.

Children's Privacy

Cisco does not knowingly collect Personal Information from children under the age of 13. If we learn that we have collected Personal Information of a child under the age of 13, we will delete that data from our systems. Please note that the Personal Information collected by Cisco Networking Academy (NetAcad) is subject to the privacy statement posted on the NetAcad websites along with any applicable privacy supplement.

Cisco encourages parents and guardians to go online with their children. Here are a few tips to help make a child's online experience safer:

- Teach children never to give Personal Information (such as name, address, phone number, school, etc.) unless supervised by a parent or responsible adult.
- Know the sites your children are visiting and which sites are appropriate.
- Look for website privacy policies and know how your child's information is treated.

For more tips on protecting children's privacy online, please see Cisco's Online Privacy Portal [here](#) or FTC's website [here](#).

Consent to Transfer, Processing and Storage of Personal Information

As Cisco is a global organization, we may transfer your Personal Information to Cisco in the United States of America, to any Cisco subsidiary worldwide, or to third parties acting on our behalf, for the purposes of processing or storage. By providing any Personal Information to us, you fully understand and unambiguously consent to the transfer, processing and storage of such information outside of your country of residence where data protection standards may be different. Our Privacy Statement and our practices are designed to provide a globally consistent level of protection for Personal Information all over

the world. This means that even in countries whose laws provide for less protection for your information, Cisco will still handle your information in the manner described here.

Your California Privacy Rights

Residents of the State of California, under California Civil Code § 1798.83, have the right to request from companies conducting business in California a list of all third parties to which the company has disclosed Personal Information during the preceding year for direct marketing purposes. Alternatively, the law provides that if the company has a privacy policy that gives either an Opt-out or Opt-in choice for use of your Personal Information by third parties (such as advertisers) for marketing purposes, the company may instead provide you with information on how to exercise your disclosure choice options.

Cisco qualifies for the alternative option. We have a comprehensive privacy statement, and provide you with details on how you may either Opt-out or Opt-in to the use of your Personal Information by third parties for direct marketing purposes. Therefore, we are not required to maintain or disclose a list of the third parties that received your Personal Information for marketing purposes during the preceding year.

If you are a California resident and request information about how to exercise your third party disclosure choices, please send a request to privacy@cisco.com.

How to Contact Us

We value your opinions. Should you have any privacy-related questions or comments related to this Privacy Statement, please send an email to privacy@cisco.com.

Updates to this Cisco Privacy Statement

We may update this Privacy Statement at any time, so please review it frequently. If we change our Privacy Statement, we will post the revised version here, with an updated revision date. If we make significant changes to our Privacy Statement, we may also notify you by other means prior to the changes taking effect, such as sending an email or posting a notice on our website.

REVISED AND POSTED AS OF: FEBRUARY 3, 2014. Please note this version does not substantively change the way we treat personal information compared to the previous version of the privacy statement available [here](#).

Third Party Usage Guidelines for Oracle Trademarks

Oracle Trademarks

Oracle's trademarks and service marks ("Oracle trademarks") are valuable assets that Oracle needs to protect. We ask that you help us by properly using and crediting Oracle trademarks in accordance with these guidelines. For information about proper use of Oracle logos, logotypes, signatures, and design marks, please review the Third Party Usage Guidelines for Oracle Logos.

Permissible Use

You may generally use Oracle trademarks to refer to the associated Oracle products or services. For instance, an authorized reseller can note in its advertisements that it is selling the Oracle application server. Similarly, an Oracle customer may issue a press release stating that it has implemented Oracle software.

Relationship of Products or Services

You may indicate the relationship of your products or services to Oracle products or services by using accurate, descriptive tag lines such as "for Oracle database," "for use with Oracle E-Business Suite applications," and "works with Oracle software" in connection with your product or service name. Within text or body copy, such tag lines may appear in the same type as your product or service name. On product, packaging, advertising and other collateral where your product or service name is displayed apart from body copy, make sure that the tag line appears in significantly smaller type than your name. You should also distinguish the tag line from your mark by using a different font or color. However, Oracle or the tag line should never appear in the Oracle red color. This is important to avert any implication that your product or service is produced or endorsed by Oracle.

Titles

Oracle permits use of its marks in single volume book titles (not magazines or periodicals) where such use is descriptive or referential. To avoid misleading the public as to Oracle sponsorship, affiliation or endorsement, the Oracle mark must not appear more prominently than the rest of the title, and do not use Oracle logos on the cover. In addition, we request that you include a disclaimer of association with Oracle on the copyright page.

Open Source Software

Most open source licenses do not grant, and many exclude, a license of trademark rights. Do not assume you can use the name of a source code base in the name of your distribution developed from that code base. Without a license or permission, you may not incorporate Oracle trademarks in the name of your distribution or other products that incorporate open source elements. Truthful statements incorporating a trademark are generally allowed (for example, in the format "MyImplementation, derived from Trademarked ProductName"), but you should check the terms of the license for the original source code or any posted trademark guidelines for the project.

User Groups

Oracle generally permits use of its marks in groups name that include phrases such as "user group," "special interest group," "lobby," etc., that clarify the relationship between Oracle and the group and do not create confusion about the source of products. This applies only to user groups that are not formally doing business as commercial entities. If you are administering a user group that includes an Oracle trademark in its name, do not claim any trademark rights in the name or attempt to register the name or your logo with a trademark office, and do not register the name as a trade name or business name, or conduct any business under the name.

Prohibited Use

You may not use Oracle trademarks in a manner which could cause confusion as to Oracle sponsorship, affiliation or endorsement. Take particular care not to use Oracle marks as set out below.

Company, Product or Service Names

Do not use Oracle trademarks or potentially confusing variations as all or part of your company, product or service names. If you wish to note the relationship of your products or services to Oracle products or services, please use an appropriate tag line as detailed above. For example, "XYZ for Oracle database" not "OraXYZ or XYZ Oracle"

Logos

For more information regarding use of Oracle logos, please review the Third Party Usage Guidelines for Oracle Logos.

Trade Dress

You must not imitate Oracle trade dress, type style or logos. For instance, do not copy Oracle packaging for use with your product or display your product name in the distinctive logotype associated with the Oracle logo.

Domain Names

Do not use Oracle trademarks or potentially confusing variations in your Internet domain name. This helps prevent Internet users from being confused as to whether you or Oracle is the source of the Web site.

Correct Use

Proper use of Oracle trademarks reinforces their role as brands for our products and services, and helps prevent them from becoming generic names that can be used by anyone. Examples of former trademarks that became generic terms are "aspirin," "cellophane," and "escalator." By adhering to the following rules, you help protect Oracle's investment in its trademarks.

Use a Generic Term

Use a generic term in association with each Oracle trademark the first time the mark appears in text, and as often as possible after that. You need not include generic names in headlines, package titles and documentation titles. For example, "Oracle iLearning software", "Oracle On Demand services", and "Oracle database."

Use as Adjectives

Oracle trademarks are adjectives and should not be used as nouns, or in the possessive or plural form. For example, "Oracle database's benefits.." not "Oracle's benefits..."

Avoid Variations

Do not vary Oracle trademarks by changing their spelling or abbreviating them. For example, "Oracle Collaboration Suite" not "CollabSuite."

Trademark Symbols and Credit Lines

Proper trademark attribution through trademark symbols and credit lines helps makes the public aware of our trademarks, and helps prevent them from becoming generic terms. Credit lines also help clarify that they belong to Oracle. Accordingly, Oracle would appreciate you attributing ownership of Oracle trademarks to Oracle Corporation by using trademark symbols ([™] or SM or [®]) and credit lines as detailed below.

Trademark Symbols

Use the ® symbol with the most prominent appearance of the "Oracle" mark on products, packaging, manuals, advertisements, promotional materials and Web pages (for example, in the headline of an advertisement), and the first use of the mark in text or body copy. This includes situations where "Oracle" is a part of a product or service name (for example, Oracle® Collaboration Suite, Oracle® PartnerNetwork). You do not need to use trademark symbols with other Oracle trademarks.

Example: XYZ Develops New Product for Oracle® Database

XYZ Corporation, a member of the Oracle® PartnerNetwork program, has developed the ABC software cartridge for use with the industry leading Oracle database. The ABC software cartridge is one of numerous products XYZ has developed that complement leading Oracle offerings.

"Oracle" receives a trademark symbol in the headline because this is the most prominent appearance, and when it appears as part of the "Oracle PartnerNetwork" name because this is the first appearance in text. While there is no trademark symbol after "Oracle" when it appears in front of the term "products" and "offerings" since we already used a symbol the first time that the term "Oracle" appeared in body copy. It is always acceptable to continue using the ® after "Oracle" throughout the document.

Credit Line

All products, packaging, manuals, advertisements, promotional materials and Web pages bearing Oracle trademarks should include the following trademark credit line.

"Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners."

The credit line may appear anywhere on the collateral, but typically is displayed on a copyright page, the back of a package or at the end of a document or web page.

"Oracle" As a Trade Name

Trade names are the actual business names of companies. Trademarks and trade names are not the same, even though many companies use their trade names as trademarks. If you are using "Oracle" as a substitute for Oracle Corporation, you are using it as a trade name. Because they are nouns, trade names can be used in the possessive and do not require a generic term or a trademark symbol. Thus, you should not use a ® after "Oracle" when it appears as part of the full corporate name or as a trade name.

Examples

Corporate Name: This software was developed by Oracle Corporation.

Trade Name: This software was developed by Oracle.

Trade Name: Oracle's latest software developments are outstanding.

Trademark: The Oracle® database leads the industry.

Cisco EULA

September 24, 2013 as provided on Cisco.com:

<http://www.cisco.com/en/US/docs/general/warranty/English/EU1KEN.html>

IMPORTANT: PLEASE READ THIS END USER LICENSE AGREEMENT CAREFULLY. IT IS VERY IMPORTANT THAT YOU CHECK THAT YOU ARE PURCHASING CISCO SOFTWARE OR EQUIPMENT FROM AN APPROVED SOURCE AND THAT YOU, OR THE ENTITY YOU REPRESENT (COLLECTIVELY, THE "CUSTOMER") HAVE BEEN REGISTERED AS THE END USER FOR THE PURPOSES OF THIS CISCO END USER LICENSE AGREEMENT.

CISCO SYSTEMS, INC. OR ITS AFFILIATE LICENSING THE SOFTWARE ("CISCO") IS WILLING TO LICENSE THIS SOFTWARE TO YOU ONLY UPON THE CONDITION THAT YOU PURCHASED THE SOFTWARE FROM AN APPROVED SOURCE AND THAT YOU ACCEPT ALL OF THE TERMS CONTAINED IN THIS END USER LICENSE AGREEMENT. YOU ACKNOWLEDGE THAT A SUPPLEMENTAL LICENSE AGREEMENT MAY ACCOMPANY THE PRODUCT. THE SOFTWARE MAY CONTAIN OPEN SOURCE SOFTWARE THAT IS SUBJECT TO ITS OWN TERMS AND NOT CONTROLLED BY CISCO. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM AN APPROVED SOURCE, AND APPLIES ONLY IF YOU ARE THE ORIGINAL AND REGISTERED END USER PURCHASER. FOR THE PURPOSES OF THIS END USER LICENSE AGREEMENT, AN "APPROVED SOURCE" MEANS (A) CISCO; OR (B) A DISTRIBUTOR OR SYSTEMS INTEGRATOR AUTHORIZED BY CISCO TO DISTRIBUTE / SELL CISCO EQUIPMENT, SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS; OR (C) A RESELLER AUTHORIZED BY ANY SUCH DISTRIBUTOR OR SYSTEMS INTEGRATOR IN ACCORDANCE WITH THE TERMS OF THE DISTRIBUTOR'S AGREEMENT WITH CISCO TO DISTRIBUTE / SELL THE CISCO EQUIPMENT, SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS.

THE FOLLOWING TERMS OF THE AGREEMENT GOVERN CUSTOMER'S USE OF THE SOFTWARE (DEFINED BELOW), EXCEPT TO THE EXTENT: (A) THERE IS A SEPARATE SIGNED CONTRACT BETWEEN CUSTOMER AND CISCO GOVERNING CUSTOMER'S USE OF THE SOFTWARE. FOR PURPOSES OF THE AGREEMENT, "SOFTWARE" SHALL MEAN COMPUTER PROGRAMS, INCLUDING FIRMWARE AND COMPUTER PROGRAMS EMBEDDED IN CISCO EQUIPMENT, AS PROVIDED TO CUSTOMER BY AN APPROVED SOURCE, AND ANY UPGRADES, UPDATES, BUG FIXES OR MODIFIED VERSIONS THERETO (COLLECTIVELY, "UPGRADES"), ANY OF THE SAME WHICH HAS BEEN RELICENSED UNDER THE CISCO SOFTWARE TRANSFER AND RE-LICENSING POLICY (AS MAY BE AMENDED BY CISCO FROM TIME TO TIME) OR BACKUP COPIES OF ANY OF THE FOREGOING.

License. Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive and nontransferable license to use for Customer's internal business purposes the Software and the Documentation for which Customer has paid the required license fees to an Approved Source. "Documentation" means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) pertaining to the Software and made available by an Approved Source with the Software in any manner (including on CD-Rom, or on-line). In order to use the Software, Customer may be required to input a registration number or product authorization key and register Customer's copy of the Software online at Cisco's website to obtain the necessary license key or license file.

Customer's license to use the Software shall be limited to, and Customer shall not use the Software in excess of, a single hardware chassis or card or such other limitations as are set forth in the applicable Supplemental License Agreement or in the applicable purchase order which has been accepted by an Approved Source and for which Customer has paid to an Approved Source the required license fee (the "Purchase Order").

Unless otherwise expressly provided in the Documentation or any applicable Supplemental License Agreement Customer shall use the Software solely as embedded in, for execution on, or (where the applicable Documentation permits installation on non-Cisco equipment)

for communication with Cisco equipment owned or leased by Customer and used for Customer's internal business purposes. No other licenses are granted by implication, estoppel or otherwise.

For evaluation or beta copies for which Cisco does not charge a license fee, the above requirement to pay license fees does not apply.

General Limitations. This is a license, not a transfer of title, to the Software and Documentation, and Cisco retains ownership of all copies of the Software and Documentation. Customer acknowledges that the Software and Documentation contain trade secrets of Cisco or its suppliers or licensors, including but not limited to the specific internal design and structure of individual programs and associated interface information. Except as otherwise expressly provided under the Agreement Customer shall only use the Software in connection with the use of Cisco equipment purchased by the Customer from an Approved Source and Customer shall have no right, and Customer specifically agrees not to:

- (i) transfer, assign or sublicense its license rights to any other person or entity (other than in compliance with any Cisco relicensing/transfer policy then in force), or use the Software on Cisco equipment not purchased by the Customer from an Approved Source or on secondhand Cisco equipment, and Customer acknowledges that any attempted transfer, assignment, sublicense or use shall be void;
- (ii) make error corrections to or otherwise modify or adapt the Software or create derivative works based upon the Software, or permit third parties to do the same;
- (iii) reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human-readable form, except to the extent otherwise expressly permitted under applicable law notwithstanding this restriction or except to the extent that Cisco is legally required to permit such specific activity pursuant to any applicable open source license;
- (iv) publish any results of benchmark tests run on the Software;
- (v) use or permit the Software to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, without the express written authorization of Cisco; or
- (vi) disclose, provide, or otherwise make available trade secrets contained within the Software and Documentation in any form to any third party without the prior written consent of Cisco. Customer shall implement reasonable security measures to protect such trade secrets.

To the extent required by applicable law, and at Customer's written request, Cisco shall provide Customer with the interface information needed to achieve interoperability between the Software and another independently created program, on payment of Cisco's applicable fee, if any. Customer shall observe strict obligations of confidentiality with respect to such information and shall use such information in compliance with any applicable terms and conditions upon which Cisco makes such information available. Notwithstanding the above, Customer may disclose confidential information in accordance with law or court order.

Software, Upgrades and Additional Copies. NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT: (1) CUSTOMER HAS NO LICENSE OR RIGHT TO MAKE OR USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS CUSTOMER, AT THE TIME OF MAKING OR ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE FEE TO AN APPROVED SOURCE FOR THE UPGRADE OR ADDITIONAL COPIES; (2) USE OF UPGRADES IS LIMITED TO CISCO EQUIPMENT SUPPLIED BY AN APPROVED SOURCE FOR WHICH CUSTOMER IS THE ORIGINAL END USER PURCHASER OR LESSEE OR OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY. NOTHING CONTAINED HEREIN SHALL LIMIT THE GOVERNMENT'S RIGHT TO PROVIDE COPIES TO ITS DULY AUTHORIZED EMPLOYEES, AGENTS, CONSULTANTS AND/OR INDEPENDENT CONTRACTORS SOLELY FOR BACKUP PURPOSES.

Proprietary Notices. Customer agrees to maintain and reproduce all copyright, proprietary, and other notices on all copies, in any form, of the Software in the same form and manner that such copyright and other proprietary notices are included on the Software. Except as expressly authorized in the Agreement, Customer shall not make any copies or duplicates of any Software without the prior written permission of Cisco.

Term and Termination. The Agreement and the license granted herein shall remain effective until terminated. This agreement may be terminated only as stated in the GSA Schedule Contract and applicable regulation. Recourse against the United States for any alleged breach of this agreement must be made under the terms of the Federal Tort Claims Act or as a dispute under the contract disputes clause

(Contract Disputes Act) as applicable. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract. All confidentiality obligations of Customer, all restrictions and limitations imposed on the Customer under the section titled "General Limitations" and all limitations of liability and disclaimers and restrictions of warranty shall survive termination of this Agreement. In addition, the provisions of the sections titled "U.S. Government End User Purchasers" and "General Terms Applicable to the Limited Warranty Statement and End User License Agreement" shall survive termination of the Agreement.

Customer Records. Customer grants to Cisco and its independent accountants the right to examine Customer's books, records and accounts during Customer's normal business hours to verify compliance with this Agreement. In the event such audit discloses non-compliance with this Agreement, the contract disputes clause (Contract Disputes Act) and applicable regulations shall govern.

Export, Re-Export, Transfer and Use Controls. The Software, Documentation and technology or direct products thereof (hereafter referred to as Software and Technology), supplied by Cisco under the Agreement are subject to export controls under the laws and regulations of the United States ("U.S.") and any other applicable countries' laws and regulations. Customer shall comply with such laws and regulations governing export, re-export, import, transfer and use of Cisco Software and Technology and will obtain all required U.S. and local authorizations, permits, or licenses. Cisco and Customer each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses. Information regarding compliance with export, re-export, transfer and use may be located at the following URL:
www.cisco.com/web/about/doing_business/legal/global_export_trade/general_export_contract_compliance.html

U.S. Government End User Purchasers. The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement into which the Agreement may be incorporated, Customer may provide to Government end user or, if the Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in the Agreement.

Limited Warranty

Subject to the limitations and conditions set forth herein, Cisco warrants that commencing from the date of shipment to Customer (but in case of resale by an Approved Source other than Cisco, commencing not more than ninety (90) days after original shipment by Cisco), and continuing for a period of the longer of (a) ninety (90) days or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying the product of which the Software is a part (the "Product") (if any): (a) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. The date of shipment of a Product by Cisco is set forth on the packaging material in which the Product is shipped. Except for the foregoing, the Software is provided "AS IS". This limited warranty extends only to the Software purchased from an Approved Source by a Customer who is the first registered end user. Customer's sole and exclusive remedy and the entire liability of Cisco and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at Cisco's option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to the Approved Source supplying the Software to Customer, within the warranty period. Cisco or the Approved Source supplying the Software to Customer may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does Cisco warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for intruding upon and attacking networks, Cisco does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack.

Restrictions. This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Cisco or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Cisco, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; (f) any Software not posted on Cisco's Software Center; (g) any Software that Cisco expressly provides on an "AS IS" basis on Cisco's Software Center; (h) any Software for which an Approved Source does not receive a license fee; and (i) Software supplied by any third party which is not an Approved Source.

DISCLAIMER OF WARRANTY

EXCEPT AS SPECIFIED IN THIS WARRANTY SECTION, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY CISCO, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT THAT ANY OF THE SAME CANNOT BE EXCLUDED, SUCH IMPLIED CONDITION, REPRESENTATION AND/OR WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD REFERRED TO IN THE "LIMITED WARRANTY" SECTION ABOVE. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY IN SUCH STATES. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION. This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose.

Disclaimer of Liabilities-Limitation of Liability. IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, CANADA, JAPAN OR THE CARIBBEAN, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO ANY APPROVED SOURCE FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT).

IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO CISCO FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT). NOTHING IN THE AGREEMENT SHALL LIMIT (I) THE LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS TO CUSTOMER FOR PERSONAL INJURY OR DEATH CAUSED BY THEIR NEGLIGENCE, (II) CISCO'S LIABILITY FOR FRAUDULENT MISREPRESENTATION, OR (III) ANY LIABILITY OF CISCO WHICH CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Disclaimer of Liabilities-Waiver of Consequential Damages and Other Losses. IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, THE CARIBBEAN OR CANADA, REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO OR ITS SUPPLIERS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ITS SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

IF YOU ACQUIRED THE SOFTWARE IN JAPAN, EXCEPT FOR LIABILITY ARISING OUT OF OR IN CONNECTION WITH DEATH OR PERSONAL INJURY, FRAUDULENT MISREPRESENTATION, AND REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ANY APPROVED SOURCE OR THEIR SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

THE FOREGOING EXCLUSION SHALL NOT APPLY TO ANY LIABILITY ARISING OUT OF OR IN CONNECTION WITH: (I) DEATH OR PERSONAL INJURY, (II) FRAUDULENT MISREPRESENTATION, OR (III) CISCO'S LIABILITY IN CONNECTION WITH ANY TERMS THAT CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Customer acknowledges and agrees that Cisco has set its prices and entered into the Agreement in reliance upon the disclaimers of warranty and the limitations of liability set forth herein, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

Controlling Law, Jurisdiction. The Agreement and warranties ("Warranties") are controlled by and construed under the federal laws of the United States of America, notwithstanding any conflicts of law provisions.

The parties specifically disclaim the application of the UN Convention on Contracts for the International Sale of Goods. If any portion hereof is found to be void or unenforceable, the remaining provisions of the Agreement and Warranties shall remain in full force and effect. Except as expressly provided herein, the Agreement, constitutes the entire agreement between the parties with respect to the license of the Software and Documentation. The Agreement has been written in the English language, and the parties agree that the English version will govern.

VMware End User License Agreement

Effective August 27, 2012, VMware is eliminating the vRAM restriction on licenses to VMware vSphere. The removal of the vRAM limit from VMware vSphere licenses applies retroactively to any past and existing users of VMware vSphere, in addition to any new users of VMware vSphere. This new policy replaces and supersedes any conflicting terms in any license agreement previously agreed upon between VMware and any licensee of VMware vSphere. This change does not apply to VMware vSphere users under the VMware Service Provider Program.

PLEASE NOTE THAT THE TERMS OF THIS END USER LICENSE AGREEMENT SHALL GOVERN YOUR USE OF THE SOFTWARE, REGARDLESS OF ANY TERMS THAT MAY APPEAR DURING THE INSTALLATION OF THE SOFTWARE.

IMPORTANT-READ CAREFULLY: BY DOWNLOADING, INSTALLING, OR USING THE SOFTWARE, YOU (THE INDIVIDUAL OR LEGAL ENTITY) AGREE TO BE BOUND BY THE TERMS OF THIS END USER LICENSE AGREEMENT ("EULA"). IF YOU DO NOT AGREE TO THE TERMS OF THIS EULA, YOU MUST NOT DOWNLOAD, INSTALL, OR USE THE SOFTWARE, AND YOU MUST DELETE OR RETURN THE UNUSED SOFTWARE TO THE VENDOR FROM WHICH YOU ACQUIRED IT WITHIN THIRTY (30) DAYS AND REQUEST A REFUND OF THE LICENSE FEE, IF ANY, THAT YOU PAID FOR THE SOFTWARE.

EVALUATION LICENSE. If You are licensing the Software for evaluation purposes, Your use of the Software is only permitted in a non-production environment and for the period limited by the License Key. Notwithstanding any other provision in this EULA, an Evaluation License of the Software is provided "AS-IS" without indemnification, support or warranty of any kind, expressed or implied.

1. DEFINITIONS.

1.1 "Affiliate" means, with respect to a party at a given time, an entity that then is directly or indirectly controlled by, is under common control with, or controls that party, and here "control" means an ownership, voting or similar interest representing fifty percent (50%) or more of the total interests then outstanding of that entity.

1.2 "Documentation" means that documentation that is generally provided to You by VMware with the Software, as revised by VMware from time to time, and which may include end user manuals, operation instructions, installation guides, release notes, and on-line help files regarding the use of the Software.

1.3 "Guest Operating Systems" means instances of third-party operating systems licensed by You, installed in a Virtual Machine and run using the Software.

1.4 "Intellectual Property Rights" means all worldwide intellectual property rights, including without limitation, copyrights, trademarks, service marks, trade secrets, know how, inventions, patents, patent applications, moral rights and all other proprietary rights, whether registered or unregistered.

1.5 "License" means a license granted under Section 2.1 (General License Grant).

1.7 "License Term" means the duration of a License as specified in the Order.

1.8 "License Type" means the type of License applicable to the Software, as more fully described in the Order.

1.9 “Open Source Software” or “OSS” means software components embedded in the Software and provided under separate license terms, which can be found either in the open_source_licenses.txt file (or similar file) provided within the Software or at www.vmware.com/download/open_source.html.

1.10 “Order” means a purchase order, enterprise license agreement, or other ordering document issued by You to VMware or a VMware authorized reseller that references and incorporates this EULA and is accepted by VMware as set forth in Section 4 (Order).

1.11 “Product Guide” means the current version of the VMware Product Guide at the time of Your Order, copies of which are found at www.vmware.com/download/eula.

1.12 “Support Services Terms” means VMware’s then-current support policies, copies of which are posted at www.vmware.com/support/policies.

1.13 “Software” means the VMware Tools and the VMware computer programs listed on VMware’s commercial price list to which You acquire a license under an Order, together with any software code relating to the foregoing that is provided to You pursuant to a support and subscription service contract and that is not subject to a separate license agreement.

1.14 “Territory” means the country or countries in which You have been invoiced; provided, however, that if You have been invoiced within any of the European Economic Area member states, You may deploy the corresponding Software throughout the European Economic Area.

1.15 “Third Party Agent” means a third party delivering information technology services to You pursuant to a written contract with You.

1.16 “Virtual Machine” means a software container that can run its own operating system and execute applications like a physical machine.

1.17 “VMware” means VMware, Inc., a Delaware corporation, if You are purchasing Licenses or services for use in the United States and VMware International Limited, a company organized and existing under the laws of Ireland, for all other purchases.

1.18 “VMware Tools” means the suite of utilities and drivers, Licensed by VMware under the “VMware Tools” name, that can be installed in a Guest Operating System to enhance the performance and functionality of a Guest Operating System when running in a Virtual Machine.

2. LICENSE GRANT.

2.1 General License Grant. VMware grants to You a non-exclusive, non-transferable (except as set forth in Section 12.1 (Transfers; Assignment) license to use the Software and the Documentation during the period of the license and within the Territory, solely for Your internal business operations, and subject to the provisions of the Product Guide. Unless otherwise indicated in the Order, licenses granted to You will be perpetual, will be for use of object code only, and will commence on either delivery of the physical media or the date You are notified of availability for electronic download.

2.2 Third Party Agents. Under the License granted to You in Section 2.1 (General License Grant) above, You may permit Your Third Party Agents to access, use and/or operate the Software on Your behalf for the sole purpose of delivering services to You, provided that You will be fully responsible for Your Third Party Agents’ compliance with terms and conditions of this EULA and any breach of this EULA by a Third Party Agent shall be deemed to be a breach by You.

2.3 Copying Permitted. You may copy the Software and Documentation as necessary to install and run the quantity of copies licensed, but otherwise for archival purposes only.

2.4 Benchmarking. You may use the Software to conduct internal performance testing and benchmarking studies. You may only publish or otherwise distribute the results of such studies to third parties as follows: (a) if with respect to VMware's Workstation or Fusion products, only if You provide a copy of Your study to benchmark@vmware.com prior to distribution; (b) if with respect to any other Software, only if VMware has reviewed and approved of the methodology, assumptions and other parameters of the study (please contact VMware at benchmark@vmware.com to request such review and approval) prior to such publication and distribution.

2.5 VMware Tools. You may distribute the VMware Tools to third parties solely when installed in a Guest Operating System within a Virtual Machine. You are liable for compliance by those third parties with the terms and conditions of this EULA.

2.6 Open Source Software. Notwithstanding anything herein to the contrary, Open Source Software is licensed to You under such OSS's own applicable license terms, which can be found in the open_source_licenses.txt file, the Documentation or as applicable, the corresponding source files for the Software available at www.vmware.com/download/open_source.html. These OSS license terms are consistent with the license granted in Section 2 (License Grant), and may contain additional rights benefiting You. The OSS license terms shall take precedence over this EULA to the extent that this EULA imposes greater restrictions on You than the applicable OSS license terms. To the extent the license for any Open Source Software requires VMware to make available to You the corresponding source code and/or modifications (the "Source Files"), You may obtain a copy of the applicable Source Files from VMware's website at www.vmware.com/download/open_source.html or by sending a written request, with Your name and address to: VMware, Inc., 3401 Hillview Avenue, Palo Alto, CA 94304, United States of America. All requests should clearly specify: Open Source Files Request, Attention: General Counsel. This offer to obtain a copy of the Source Files is valid for three years from the date You acquired this Software.

3. RESTRICTIONS; OWNERSHIP.

3.1 License Restrictions. Without VMware's prior written consent, You must not, and must not allow any third party to: (a) use Software in an application services provider, service bureau, or similar capacity for third parties, except that You may use the Software to deliver hosted services to Your Affiliates; (b) disclose to any third party the results of any benchmarking testing or comparative or competitive analyses of VMware's Software done by or on behalf of You, except as specified in Section 2.4 (Benchmarking); (c) make available Software in any form to anyone other than Your employees or contractors reasonably acceptable to VMware and require access to use Software on behalf of You in a matter permitted by this EULA, except as specified in Section 2.2 (Third Party Agents); (d) transfer or sublicense Software or Documentation to an Affiliate or any third party, except as expressly permitted in Section 12.1 (Transfers; Assignment); (e) use Software in conflict with the terms and restrictions of the Software's licensing model and other requirements specified in Product Guide and/or VMware quote; (f) except to the extent permitted by applicable mandatory law, modify, translate, enhance, or create derivative works from the Software, or reverse engineer, decompile, or otherwise attempt to derive source code from the Software, except as specified in Section 3.2 (Decompilation); (g) remove any copyright or other proprietary notices on or in any copies of Software; or (h) violate or circumvent any technological restrictions within the Software or specified in this EULA, such as via software or services.

3.2 Decompilation. Notwithstanding the foregoing, decompiling the Software is permitted to the extent the laws of the Territory give You the express right to do so to obtain information necessary to render the Software interoperable with other software; provided, however, You must first request such information from VMware, provide all reasonably requested information to allow VMware to assess Your claim, and VMware may, in its discretion, either provide such interoperability information to You, impose reasonable conditions, including a reasonable fee, on such use of the Software, or offer to provide alternatives to ensure that VMware's proprietary rights in the Software are protected and to reduce any adverse impact on VMware's proprietary rights.

3.3 Ownership. The Software and Documentation, all copies and portions thereof, and all improvements, enhancements, modifications and derivative works thereof, and all Intellectual Property Rights therein, are and shall remain the sole and exclusive property of VMware and its licensors. Your rights to use the Software and Documentation shall be limited to those expressly granted in this EULA and any applicable Order. No other rights with respect to the Software or any related Intellectual Property Rights are implied. You are not authorized to use (and shall not permit any third party to use) the Software, Documentation or any portion thereof except as expressly authorized by this EULA or the applicable Order. VMware reserves all rights not expressly granted to You. VMware does not transfer any ownership rights in any Software.

3.4 Guest Operating Systems. Certain Software allows Guest Operating Systems and application programs to run on a computer system. You acknowledge that You are responsible for obtaining and complying with any licenses necessary to operate any such third-party software.

4. ORDER. Your Order is subject to this EULA. No Orders are binding on VMware until accepted by VMware. Orders for Software are deemed to be accepted upon VMware's delivery of the Software included in such Order. Orders issued to VMware do not have to be signed to be valid and enforceable.

5. RECORDS AND AUDIT. During the License Term for Software and for two (2) years after its expiration or termination, You will maintain accurate records of Your use of the Software sufficient to show compliance with the terms of this EULA. During this period, VMware will have the right to audit Your use of the Software to confirm compliance with the terms of this EULA. That audit is subject to reasonable notice by VMware and will not unreasonably interfere with Your business activities. VMware may conduct no more than one (1) audit in any twelve (12) month period, and only during normal business hours. You will reasonably cooperate with VMware and any third party auditor and will, without prejudice to other rights of VMware, address any non-compliance identified by the audit by promptly paying additional fees. You will promptly reimburse VMware for all reasonable costs of the audit if the audit reveals either underpayment of more than five (5%) percent of the Software fees payable by You for the period audited, or that You have materially failed to maintain accurate records of Software use.

6. SUPPORT AND SUBSCRIPTION SERVICES. Except as expressly specified in the Product Guide, VMware does not provide any support or subscription services for the Software under this EULA. You have no rights to any updates, upgrades or extensions or enhancements to the Software developed by VMware unless you separately purchase VMware support or subscription services. These support or subscription services are subject to the Support Services Terms.

7. WARRANTIES.

7.1 Software Warranty, Duration and Remedy. VMware warrants to You that the Software will, for a period of ninety (90) days following notice of availability for electronic download or delivery ("Warranty Period"), substantially conform to the applicable Documentation, provided that the Software: (a) has been properly installed and used at all times in accordance with the applicable Documentation; and (b) has not been modified or added to by persons other than VMware or its authorized representative. VMware will, at its own expense and as its sole obligation and Your exclusive remedy for any breach of this warranty, either replace that Software or correct any reproducible error in that Software reported to VMware by You in writing during the Warranty Period. If VMware determines that it is unable to correct the error or replace the Software, VMware will refund to You the amount paid by You for that Software, in which case the License for that Software will terminate.

7.2 Software Disclaimer of Warranty. OTHER THAN THE WARRANTY ABOVE, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, VMWARE AND ITS SUPPLIERS MAKE NO OTHER EXPRESS WARRANTIES UNDER THIS EULA, AND DISCLAIM ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT, AND ANY WARRANTY ARISING BY STATUTE, OPERATION OF LAW, COURSE OF DEALING OR PERFORMANCE, OR USAGE OF TRADE. VMWARE AND ITS LICENSORS DO NOT WARRANT THAT THE SOFTWARE WILL OPERATE UNINTERRUPTED OR THAT IT WILL BE FREE FROM DEFECTS OR THAT IT WILL MEET YOUR REQUIREMENTS.

8. INTELLECTUAL PROPERTY INDEMNIFICATION.

8.1 Defense and Indemnification. Subject to the remainder of this Section 8 (Intellectual Property Indemnification), VMware shall defend You against any third party claim that the Software infringes any patent, trademark or copyright of such third party, or misappropriates a trade secret (but only to the extent that the misappropriation is not a result of Your actions) under the laws of: (a) the United States and Canada; (b) the European Economic Area; (c) Australia; (d) New Zealand; (e) Japan; or (f) the People's Republic of China, to the extent that such countries are part of the Territory for the License ("Infringement Claim") and indemnify You from the resulting costs and damages finally awarded against You to such third party by a court of competent jurisdiction or agreed to in settlement. The foregoing obligations are applicable only if You: (i) promptly notify VMware in writing of the Infringement Claim; (ii) allow VMware sole control over the defense for the claim and any settlement negotiations; and (iii) reasonably cooperate in response to VMware requests for assistance. You may not settle or compromise any Infringement Claim without the prior written consent of VMware.

8.2 Remedies. If the alleged infringing Software become, or in VMware's opinion be likely to become, the subject of an Infringement Claim, VMware will, at VMware's option and expense, do one of the following: (a) procure the rights necessary for You to make continued use of the affected Software; (b) replace or modify the affected Software to make it non-infringing; or (c) terminate the License to the affected Software and discontinue the related support services, and, upon Your certified deletion of the affected Software, refund: (i) the fees paid by You for the License to the affected Software, less straight-line depreciation over a three (3) year useful life beginning on the date such Software was delivered; and (ii) any pre-paid service fee attributable to related support services to be delivered after the date such service is stopped. Nothing in this Section 8.2 (Remedies) shall limit VMware's obligation under Section 8.1 (Defense and Indemnification) to defend and indemnify You, provided that You replace the allegedly infringing Software upon VMware's making alternate Software available to You and/or You discontinue using the allegedly infringing Software upon receiving VMware's notice terminating the affected License.

8.3 Exclusions. Notwithstanding the foregoing, VMware will have no obligation under this Section 8 (Intellectual Property Indemnification) or otherwise with respect to any claim based on: (a) a combination of Software with non-VMware products (other than non-VMware products that are listed on the Order and used in an unmodified form); (b) use for a purpose or in a manner for which the Software was not designed; (c) use of any older version of the Software when use of a newer VMware version would have avoided the infringement; (d) any modification to the Software made without VMware's express written approval; (e) any claim that relates to open source software or freeware technology or any derivatives or other adaptations thereof that is not embedded by VMware into Software listed on VMware's commercial price list; or (f) any Software provided on a no charge, beta or evaluation basis. THIS SECTION 8 (INTELLECTUAL PROPERTY INDEMNIFICATION) STATES YOUR SOLE AND EXCLUSIVE REMEDY AND VMWARE'S ENTIRE LIABILITY FOR ANY INFRINGEMENT CLAIMS OR ACTIONS.

9. LIMITATION OF LIABILITY.

9.1 Limitation of Liability. TO THE MAXIMUM EXTENT MANDATED BY LAW, IN NO EVENT WILL VMWARE AND ITS LICENSORS BE LIABLE FOR ANY LOST PROFITS OR BUSINESS OPPORTUNITIES, LOSS OF USE, LOSS OF REVENUE, LOSS OF GOODWILL, BUSINESS INTERRUPTION, LOSS OF DATA, OR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES UNDER ANY THEORY OF LIABILITY, WHETHER BASED IN CONTRACT, TORT, NEGLIGENCE, PRODUCT LIABILITY, OR OTHERWISE. BECAUSE SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF LIABILITY FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE PRECEDING LIMITATION MAY NOT APPLY TO YOU. VMWARE'S AND ITS LICENSORS' LIABILITY UNDER THIS EULA WILL NOT, IN ANY EVENT, REGARDLESS OF WHETHER THE CLAIM IS BASED IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, EXCEED THE GREATER OF THE LICENSE FEES YOU PAID FOR THE SOFTWARE GIVING RISE TO THE CLAIM OR \$5000. THE FOREGOING LIMITATIONS SHALL APPLY REGARDLESS OF WHETHER VMWARE OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND REGARDLESS OF WHETHER ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE.

9.2 Further Limitations. VMware's licensors shall have no liability of any kind under this EULA and VMware's liability with respect to any third party software embedded in the Software shall be subject to Section 9.1 (Limitation of Liability). You may not bring a claim under this EULA more than eighteen (18) months after the cause of action arises.

10. TERMINATION.

10.1 EULA Term. The term of this EULA begins on the notice of availability for electronic download or delivery of the Software and continues until this EULA is terminated in accordance with this Section 10.

10.2 Termination for Breach. VMware may terminate this EULA effective immediately upon written notice to You if: (a) You fail to pay any portion of the fees under an applicable Order within ten (10) days after receiving written notice from VMware that payment is past due; or (b) You breach any other provision of this EULA and fail to cure within thirty (30) days after receipt of VMware's written notice thereof.

10.3 Termination for Insolvency. VMware may terminate this EULA effective immediately upon written notice to You if You: (a) terminate or suspend your business; (b) become insolvent, admit in writing Your inability to pay Your debts as they mature, make an assignment for the benefit of creditors; or become subject to control of a trustee, receiver or similar authority; or (c) become subject to any bankruptcy or insolvency proceeding.

10.4 Effect of Termination. Upon VMware's termination of this EULA: (a) all Licensed rights to all Software granted to You under this EULA will immediately cease; and (b) You must cease all use of all Software, and return or certify destruction of all Software and License Keys (including copies) to VMware, and return, or if requested by VMware, destroy, any related VMware Confidential Information in Your possession or control and certify in writing to VMware that You have fully complied with these requirements. Any provision will survive any termination or expiration if by its nature and context it is intended to survive, including Sections 1 (Definitions), 2.6 (Open Source Software), 3 (Restrictions; Ownership), 5 (Records and Audit), 7.2 (Software Disclaimer of Warranty), 9 (Limitation of Liability), 10 (Termination), 11 (Confidential Information) and 12 (General).

11. CONFIDENTIAL INFORMATION.

11.1 Definition. "Confidential Information" means information or materials provided by one party (" **Discloser**") to the other party (" **Recipient**") which are in tangible form and labelled "confidential" or the like, or, information which a reasonable person knew or should have known to be confidential. The following information shall be considered Confidential Information whether or not marked or identified as such: (a) License Keys; (b) information regarding VMware's pricing, product roadmaps or strategic marketing plans; and (c) non-public materials relating to the Software.

11.2 Protection. Recipient may use Confidential Information of Discloser; (a) to exercise its rights and perform its obligations under this EULA; or (b) in connection with the parties' ongoing business relationship. Recipient will not use any Confidential Information of Discloser for any purpose not expressly permitted by this EULA, and will disclose the Confidential Information of Discloser only to the employees or contractors of Recipient who have a need to know such Confidential Information for purposes of this EULA and who are under a duty of confidentiality no less restrictive than Recipient's duty hereunder. Recipient will protect Confidential Information from unauthorized use, access, or disclosure in the same manner as Recipient protects its own confidential or proprietary information of a similar nature but with no less than reasonable care.

11.3 Exceptions. Recipient's obligations under Section 11.2 (Protection) with respect to any Confidential Information will terminate if Recipient can show by written records that such information: (a) was already known to Recipient at the time of disclosure by Discloser; (b) was disclosed to Recipient by a third party who had the right to make such disclosure without any confidentiality restrictions; (c) is, or through no fault of Recipient has become, generally available to the public; or (d) was independently developed by Recipient without access to, or use of, Discloser's Information. In addition, Recipient will be allowed to disclose Confidential Information to the extent that such

disclosure is required by law or by the order of a court of similar judicial or administrative body, provided that Recipient notifies Discloser of such required disclosure promptly and in writing and cooperates with Discloser, at Discloser's request and expense, in any lawful action to contest or limit the scope of such required disclosure.

11.4 Data Privacy. You agree that VMware may process technical and related information about Your use of the Software which may include internet protocol address, hardware identification, operating system, application software, peripheral hardware, and non-personally identifiable Software usage statistics to facilitate the provisioning of updates, support, invoicing or online services and may transfer such information to other companies in the VMware worldwide group of companies from time to time. To the extent that this information constitutes personal data, VMware shall be the controller of such personal data. To the extent that it acts as a controller, each party shall comply at all times with its obligations under applicable data protection legislation.

12. GENERAL.

12.1 Transfers; Assignment. Except to the extent transfer may not legally be restricted or as permitted by VMware's transfer and assignment policies, in all cases following the process set forth at www.vmware.com/support/policies/licensingpolicies.html, You will not assign this EULA, any Order, or any right or obligation herein or delegate any performance without VMware's prior written consent, which consent will not be unreasonably withheld. Any other attempted assignment or transfer by You will be void. VMware may use its Affiliates or other sufficiently qualified subcontractors to provide services to You, provided that VMware remains responsible to You for the performance of the services.

12.2 Notices. Any notice delivered by VMware to You under this EULA will be delivered via mail, email or fax.

12.3 Waiver. Failure to enforce a provision of this EULA will not constitute a waiver.

12.4 Severability. If any part of this EULA is held unenforceable, the validity of all remaining parts will not be affected.

12.5 Compliance with Laws; Export Control; Government Regulations. Each party shall comply with all laws applicable to the actions contemplated by this EULA. You acknowledge that the Software is of United States origin, is provided subject to the U.S. Export Administration Regulations, may be subject to the export control laws of the applicable territory, and that diversion contrary to applicable export control laws is prohibited. You represent that (1) you are not, and are not acting on behalf of, (a) any person who is a citizen, national, or resident of, or who is controlled by the government of any country to which the United States has prohibited export transactions; or (b) any person or entity listed on the U.S. Treasury Department list of Specially Designated Nationals and Blocked Persons, or the U.S. Commerce Department Denied Persons List or Entity List; and (2) you will not permit the Software to be used for, any purposes prohibited by law, including, any prohibited development, design, manufacture or production of missiles or nuclear, chemical or biological weapons. The Software and accompanying documentation are deemed to be "commercial computer software" and "commercial computer software documentation", respectively, pursuant to DFARS Section 227.7202 and FAR Section 12.212(b), as applicable. Any use, modification, reproduction, release, performing, displaying or disclosing of the Software and documentation by or for the U.S. Government shall be governed solely by the terms and conditions of this EULA.

12.6 Construction. The headings of sections of this EULA are for convenience and are not to be used in interpreting this EULA. As used in this EULA, the word 'including' means "including but not limited to".

12.7 Governing Law. This EULA is governed by the laws of the State of California, United States of America (excluding its conflict of law rules), and the federal laws of the United States. To the extent permitted by law, the state and federal courts located in Santa Clara County, California will be the exclusive jurisdiction for disputes arising out of or in connection with this EULA. The U.N. Convention on Contracts for the International Sale of Goods does not apply.

12.8 Third Party Rights. Other than as expressly set out in this EULA, this EULA does not create any rights for any person who is not a party to it, and no person who is not a party to this EULA may enforce any of its terms or rely on

any exclusion or limitation contained in it.

12.9 Order of Precedence. In the event of conflict or inconsistency among the Product Guide, this EULA and the Order, the following order of precedence shall apply: (a) the Product Guide, (b) this EULA and (c) the Order. With respect to any inconsistency between this EULA and an Order, the terms of this EULA shall supersede and control over any conflicting or additional terms and conditions of any Order, acknowledgement or confirmation or other document issued by You.

12.10 Entire Agreement. This EULA, including accepted Orders and any amendments hereto, and the Product Guide contain the entire agreement of the parties with respect to the subject matter of this EULA and supersede all previous or contemporaneous communications, representations, proposals, commitments, understandings and agreements, whether written or oral, between the parties regarding the subject matter hereof. This EULA may be amended only in writing signed by authorized representatives of both parties.

12.11 Contact Information. Please direct legal notices or other correspondence to VMware, Inc., 3401 Hillview Avenue, Palo Alto, California 94304, United States of America, Attention: Legal Department.
