## **12. MISCELLANEOUS PROVISIONS.**

12.1. Force Majeure. In accordance with GSAR 552.212-4(f), Neither Party shall be liable for delays in delivery or performance of its obligations, or for failure to deliver or perform its obligations under this MSA due to a cause or circumstances beyond its reasonable control, including, without limitation, an act of nature, act of civil or military authority, act of terrorism, governmental priority, strike or other labor disturbance, flood, fire, explosion, epidemic, other hostilities, unavailability, interruption or delay of third-party telecommunications or services, the inability to obtain raw materials, supplies, or necessary power, the failure of third-party software, or the failure of the Internet (not resulting from the actions or inactions of such Party)(each, a “**Force Majeure Event**”). The Party claiming excuse due to a Force Majeure Event shall use its commercially reasonable efforts to promptly correct such failure or delay in performance and shall promptly notify the other Party of any delay or failure to perform which may be excused by this provision, which notification will also specify the expected date of resumption of performance. In the event of any such delay, the date of performance shall be extended for a period equal to the time lost by reason of the delay. If, however, either Party is unable to perform its obligations under this MSA for reasons excused by this provision for a period in excess of 15 consecutive days, the other Party may terminate this MSA or any applicable Quote or SOW by such Force Majeure Event without penalty upon written notice to the other Party.

12.2. Relationship of Parties. MIS and Client are independent contractors, and this MSA will not establish any relationship of partnership, joint venture, employment, franchise or agency between MIS and Client. Neither MIS nor Client will have the power to bind the other or incur obligations on the other's behalf without the other's prior written consent, except as otherwise expressly provided herein. MIS and Client agree that, except as otherwise expressly provided in this MSA, there shall be no third-party beneficiaries to this MSA. MIS and Client agree that this MSA is made for the benefit of the Parties and (where applicable) their successors and permitted assigns, and is not intended to benefit, or be enforceable by, anyone else.

12.3. Marketing. Subject to Client's prior written consent, on a case by case basis, through an authorized Client representative, and to the extent permitted by the General Services Acquisition Regulation (GSAR) 552.203-71, MIS may refer to Client by trade name and trademark, and may briefly describe Client's business in MIS's marketing materials and web site. In each such case, Client will grant MIS a revocable license to use any Client trade names and trademarks solely in connection with the rights granted to MIS pursuant to this Section, and/or will consent to MIS's inclusion of Client's name in press releases and on MIS's web site. Subject to MIS's prior written consent, which shall not be unreasonably withheld, Client may refer to MIS by a logo, trade name and trademark, and may briefly describe MIS's business in press releases, marketing materials and on its web site. MIS grants Client a revocable license to utilize MIS's logos, trade names, and trademarks solely in connection with the rights granted to Client pursuant to this Section.

12.4. Non-Solicitation. The Parties will not knowingly and directly solicit or attempt to solicit for employment or as a consultant any persons employed by the other Party during the Term and continuing through the first anniversary of the termination of this MSA. The foregoing restriction does not apply, however, to any employee or former employee of the other party who responds to a general advertisement, online job posting, or other form of broad solicitation that does not directly or indirectly target employees of the other Party or who has been separated from employment with the other Party for at least six consecutive months before the date when the person is first recruited, solicited for hire, or offered employment.

12.5. Export Matters. Each party agrees to comply with all regulations and requirements of the U.S. Departments of Commerce, State and Treasury, and any other United States or foreign agencies and authorities in connection with its use or provision of the Services. Each party assumes responsibility for compliance with laws, regulations, and requirements applicable to export and re-export (including import) of items provided hereunder and for obtaining any required export and re-export (including import) licenses or other approvals that may be required.

12.6. Personal Information. Each Party shall comply with their respective obligations under applicable data protection legislation, and under the Data Processing Addendum attached hereto as Appendix A. MIS does not intend to have access to PII of Client in providing the Services. To the extent MIS has access to Client PII and does not modify or add any PII, such access will be incidental, and Client will remain the data controller of Client PII at all times, and MIS will be the data processor. MIS will access any Client PII strictly for purposes of delivering the Services under the terms set forth in this Agreement.

12.7. Insurance. During the term of this Agreement, MIS shall, at its own cost and expense, obtain and maintain in full force and effect, the following insurance coverage: (a) Commercial General Liability for bodily injury and property damage including blanket contractual liability coverage and products and completed operations, with limits of not less than \$2,000,000. (b) Workers' compensation insurance as required by applicable laws, including a waiver of subrogation. (c) Employer's liability insurance with limits of not less than \$1,000,000. (d) Professional Errors and Omissions Insurance, including Intellectual Property Infringement in connection with technology products or services provided under this Agreement with a combined single limit of \$5,000,000. (e) Automobile liability insurance with limits of not less than \$1,000,000, (f) Data protection liability insurance (cyber liability) covering all financial loss arising from acts, errors, or omissions, in connection with (i) the technology products or Services, provided under this Agreement and/or (ii) in maintaining confidential employee or customer data in connection with the Services provided under this Agreement and/or (iii) resulting from MIS' direct connectivity with Client's network with limits not less than

MIS will name Client, its officers, employees and agents as additional insured under the General Commercial Liability Policy. All policies of insurance must be underwritten by insurers rated A or better by A.M. MIS will deliver to Client a certificate(s) of Insurance that complies with the above requirements, concurrent with the delivery of the Agreement and shall deliver renewal certificates as and when issued throughout the term of the Agreement.

12.8. Severability. In the event any portion of this MSA is held to be unenforceable, the unenforceable portion shall be construed in accordance with applicable law as nearly as possible to reflect the original intentions of the Parties and the remainder of the provisions shall remain in full force and effect. Either Party's failure to insist upon or enforce strict performance of any provision of this MSA, or delay in doing so, shall not be construed as a waiver of any provision or right.

12.9. Assignment. Any assignment shall only be permitted through the other party's written consent. This MSA will be binding on and inure to the benefit of the Parties respective permitted successors and permitted assigns. Any assignment in violation of this section shall be void ab initio.

12.10. Third-Party Subcontractors. MIS reserves the right to subcontract or use FedRAMP services from other providers for any or all portions of the Services that MIS is obligated to perform under this Agreement or an SOW provided that MIS shall at all times be liable for the actions of and Services provided by such Third-Party Subcontractors.

Such notice will be deemed to have been served as of the date it is delivered. All notices shall be addressed to the legal Authorized Contact designated in Section 12.19.

12.12. Agreement. This MSA shall be governed by, and construed in accordance with, the Federal laws of the United States. The application to this MSA of the United Nations Convention on the International Sale of Goods is excluded in its entirety. Neither the course of conduct between the Parties nor trade practice shall act to modify any provision of this MSA (except to the extent such trade practice is expressly referenced under this Agreement as "industry standard" or similar benchmark). This MSA is not intended to prevent either Party from complying with any applicable law, ruling, order, regulation, or requirement of any federal, state, or municipal government or department or agency thereof or court of competent jurisdiction. Neither Party nor its representatives will be liable for loss or damage or deemed to be in breach of this MSA to the extent its failure to perform its obligations directly results from compliance with any applicable law, ruling, order, regulation, requirement of any federal, state or municipal government or department or agency thereof or court of competent jurisdiction. Any delay resulting therefrom will extend performance accordingly or excuse performance, in whole or in part, as may be reasonable. Each Party further agrees that service of any process, summons, notice or document by US registered mail to such Party's respective address shall be effective service of process for any action, suit or proceeding with respect to any matters to which it has submitted to jurisdiction as set forth above.

12.13. Remedy. All remedies in this MSA are cumulative, and neither the availability nor exercise of any such remedy shall prevent a Party from exercising any other remedy it would otherwise have under this MSA or by law.

12.14. Entire Agreement. This MSA and any Appendix constitutes the complete and exclusive agreement between the Parties with respect to the subject matter hereof, and supersedes and replaces any and all prior or contemporaneous discussions, negotiations, understandings and agreements, written and oral, regarding such subject matter. Each portion of this MSA may be executed in two or more counterparts, each of which will be deemed an original, but all of which together shall constitute one and the same instrument. In the case of any change or modification to this MSA, the Parties will execute a written amendment.

12.15. Counterparts: Delivery by Electronic Means. This MSA may be executed in counterparts. Copies of executed counterparts transmitted by facsimile or electronic means shall be considered original executed counterparts for purposes of this MSA.

12.16. Interpretation of Conflicting Terms. In the event of a conflict between or among the terms in this MSA and any other document made a part hereof, the documents shall control in the following order: the Quote(s), SOW(s), this MSA, DPA (if applicable), and any amendments thereto.

12.17. No Interpretation Against Drafter. This MSA is the product of negotiations between the Parties and any ambiguities construed against the drafter of an agreement shall not apply to this MSA (including, but not limited to, any amendments, Quotes, or SOWs) and are expressly waived.

12.18. Relationship Management. MIS agrees to comply with the SEAP. Additionally, MIS agrees to provide the resources necessary to the effective execution of this Agreement and that, regardless of other commitments or obligations hereunder, MIS shall provide, at its own expense, a dedicated relationship manager who will be supporting the performance of this Agreement. The relationship manager shall have the requisite skills and empowerment to effectively manage the day to day operations of the Agreement, communicate with Client, and escalate internally as appropriate.
